

Star of Space 268

Chapter 268 Be honest with me

"Lin Lu, if you feel that it is difficult to explain to Lao Geng, then I will tell you personally and say that it is the decision of the Lin family.

"I don't have any opinion."

Lu Qiubo glanced at Liu Baixiao and said directly with a heartbeat.

"you....."

Liu Baixiao saw that his mother actually didn't even let him stay. He wanted to watch his family being driven out of the village, so he stepped forward and reminded her.

"You damn old woman, I'm your biological son!"

"Second uncle, you keep saying that you will die for me, but do you regard grandma as your biological mother? You can't do it yourself, but you want grandma to be considerate to you in every possible way. Are you dreaming?"

Lin Changfeng stood up and questioned Liu Baixiao.

The sound of the old lady dying made him want to hit someone. If there weren't so many outsiders in the yard, he would definitely take action against Liu Baixiao.

"I....."

Liu Baixiao opened his mouth, not knowing how to reply.

"Okay, don't say anything anymore, let's just stick to this decision, let Liu Baixiao leave our village, and he will not be allowed to enter the village again." Chief Lin said.

"What?!"

Liu Baixiao was shocked. How could he be driven out of the village for such a trivial matter?

"No, no, patriarch, patriarch, please don't drive us away.

Before Liu Baixiao could say anything, he heard Liu Rumei scream and rushed towards Patriarch Lin's leg, hugging his thigh, tears falling down.

"We spent real money to buy the yard. This is our home. Chief, what you are doing is too immoral. You can't drive us away! If we don't leave, we will just live here and not go anywhere."

She knew very well that if they left here, their family would really have nowhere to go.

Moreover, she has seen Liu Baixiao's true face clearly in the past few days. If she really leaves here, she will have more hard times. At least there is still the Lin family here who can live in Liu Baixiao's town.

"Get away!"

Patriarch Lin, who was so old, was hugged by a woman on his thigh. He immediately blushed and tried to kick Liu Rumei away, but she hugged her too tightly and couldn't kick him away.

"Hurry and pull her away!" He called to the two men beside him.

When the two men heard what he said, they immediately pushed Liu Rumei away from her left and right, and threw her to the ground not far away.

But there was no way Liu Rumei could give up. As soon as she was free, she crawled over again and wanted to continue holding Patriarch Lin's thigh, "Chief, Patriarch..."

"roll."

Patriarch Lin was no longer polite. Without waiting for Liu Rumei to touch him, he supported the person next to him with one hand, raised his foot and kicked Liu Rumei out.

"You shameless bastard, be honest with me."

With Liu Rumei hugging his legs like this, he felt goosebumps all over his body, and his whole body felt extremely uncomfortable.

Liu Rumei was kicked so hard that her shoulders hurt. She sat on the ground, but she was worried. These people were trying to drive them away.

If she had known it would be like this, she would have persuaded Liu Baixiao no matter what, not to let him deal with Liu Chushui so harshly. What should she do now? She really regretted it in her heart.

Looking up, she looked at Lu Qiubo with teary eyes and confusion.

"Mother-in-law, please don't drive us away. We... Yes, by the way, my Yu Shui is pregnant. She can't run around like this. If you drive us away, what will happen if her child cannot be saved? Yu Shui is your relative. Granddaughter."
