

Star of Space 27

Chapter 27 Why are you getting fatter?

"Brother Changfeng, I was wrong. I was really wrong. Don't be angry. Don't be angry. If you get angry and forget the book that you have memorized with great effort, then my sin will be great. Grandma must have beaten me and scolded me."

She clasped her hands together and placed them in front of her, begging Lin Changfeng for mercy.

Lin Changfeng: "..."

Can grandma beat Sang Sang? Is this a joke on him? I'm afraid if grandma knew that he was scolding Sangsang here, she would hit him with a broom, right?

Even if Sangsang broke the news, Grandma wouldn't blame her for a word, right?

"Sang Sang... I just want to say that the forest is very dangerous and you shouldn't go there. Besides, you are still injured. It has just rained and the forest is very humid." He spoke helplessly, his voice a little weak.

No matter what, he was just pretending, so how could he be willing to reprimand Sangsang?

"I know, I know, brother Changfeng, I picked up wild eggs in the forest, there are a lot of them." Lin Caisang saw that Lin Changfeng's aura softened, and quickly took off the backpack and put it down carefully. In front of Lin Changfeng.

"Brother Changfeng, where are grandma and third aunt? Have you asked about me?"

"I told them that you were sleeping after eating, but they didn't bother you. They went out after eating." Lin Changfeng raised his hand and tapped the inconvenient cousin's forehead angrily and said.

He cooked lunch, so grandma didn't find out that Sangsang was not at home. Otherwise, how could he be so peaceful?

"Really? Thank you, Brother Changfeng, for covering up for me. I know that Brother Changfeng treats Sang Sang the best." After hearing his words, Lin Caisang immediately showed a dog-legged face and fawned over Lin Changfeng.

"Brother Changfeng, if grandma asks about these wild eggs at night, just say that you picked them up, okay? If grandma knows that I have gone into the mountains, she will definitely stay at home to guard me every day. I don't even have freedom anymore, maybe my little legs have to be broken."

She silently added in her mind: It's obviously a big bear's legs, but her limbs are almost as good as a little elephant's legs!

Lin Changfeng: "???"

This girl really knows how to climb up the pole.

All the tricks he had used to deceive people in his life had been used on Grandma and his parents, and they were all for this girl Sang Sang.

"good."

Although he complained about this cousin in his heart, he still couldn't bear to say it out loud if he refused. This was a typical Lin Changfeng style, and even he despised himself in his heart.

"By the way, Sangsang, why don't you lose weight? Remember I told you last time, have you forgotten?" He looked at Lin Caisang's figure, his face became a little serious again, and asked her.

In the past, he was like Lin Changhong, saving all the delicious food for Sangsang to eat, thinking that the more she ate, the better it would show that they cared about her.

However, in the second half of last year, I accidentally went to the study room of the academy one day and read a medical book. There was a disease called obesity in it, which means that a person eats too much, and then his physical condition becomes worse and worse. It won't work even if it's gentle.

He was so frightened that he asked for leave from his wife at the academy that day, came home and gave Sangsang a good warning and ordered her to lose weight.

But after so long, why did he look at Sangsang as if she had gained weight?

"Why are you getting fatter?"

Lin Caisang: "!!!"

Dear cousin, you always pick up which pot you don't want to drink, right?
