

Star of Space 274

Chapter 274 You know nothing!

"What's going on here?"

Lin Laogan didn't get an answer and looked at Lin Changfeng again.

"Grandpa, you..."

Lin Changfeng opened his mouth, but he was a scholar after all, so he really couldn't say those ugly words, especially in front of his elders.

None of them could say it out loud, but Lu Qiubo was angry in his heart, so of course he had to vent it out in his mouth. He pointed at Lin Caihe's nose to curse, but for the sake of the reputation of the Lin family, he still lowered his voice and didn't want to be criticized by the neighbors. Listen to it.

"Lin Caihe, I really can't tell how you can be so vicious at such a young age? Are Liu Yushui and you the daughter of the same mother? You know that our family is not dealing with them, but you still dare to go to her!"

Hearing Lu Qiubo's words, Lin Caihe's heart skipped a beat, and she felt bad all over.

"Grandma, I..."

She never thought that Liu Yushui would betray her. They were both fine before, saying that they wanted to make Lin Caisang look good and avenge her.

"Grandma, I...I didn't mean it, I was just in a bad mood and wanted to go out for a walk. Who knew that cousin Yushui was outside the door? I saw it as soon as I opened the courtyard door, so...so I told her A few words, I really didn't go looking for her on purpose."

She quickly explained.

"Then what did you say to her? Say it!" Lu Qiubo asked her with eyes wide open.

Hearing this, Lin Caihe knew something was wrong. Liu Yushui had betrayed her completely. She even told Lu Qiubo about her plan to deal with Lin Caisang, right?

"No...nothing, just...just said a few words casually. She lowered her head guiltily, not daring to admit what she had done.

"Just a few words?" Lu Qiubo sneered.

"you....."

"Old lady, He girl is still a child. It's not her fault that she happened to meet Liu Yushui. You..."

"You know shit!"

Lin Laogan wanted to excuse Lin Caihe, but Lu Qiubo turned around and scolded him.

"Do you know what she did? And you still speak for her?"

"I....."

Lin Laogong opened his mouth, not knowing how to reply.

But he really didn't know what happened. No matter what, Lin Caihe was still his granddaughter, and it was always appropriate for him to say a few words of defense.

It's just that he forgot that Lu Qiubo would not get angry for no reason.

"Do you know that your precious granddaughter is plotting to kill Sangsang outside, and you still defend her?" Lu Qiubo looked at Lin Caihe again, feeling the urge to beat her to death.

"What?!"

When Lin Laogan heard this, his eyes suddenly widened and he looked at Lin Baiyi and Yang Lin in disbelief.

"Lao San, is what your mother said true?"

When Lin Baiyi was asked this by his own father, he could only turn his head and nodded his head heavily.

"Dad, what mother said is true. He girl did discuss with Liu Yushui to kill... Sang Sang. Moreover, Chu Shui would be beaten like this by his second brother. It was Liu Yushui who told Changhong that Chu Shui would be beaten like this. He delivers food."

"Lin Caihe, you——"

Lin Laogong held a breath in his chest, and his whole face became congested and red.

After a while, he regained his composure and looked at Lin Caihe with his head lowered and looking aggrieved.

"You damn girl, you can really do such a thing. Fortunately, my grandpa always speaks for you when you do something wrong. He always thinks that you are still young and will be sensible when you are older. But I didn't expect..."
