

Star of Space 278

Chapter 278: Competing with yourself for favor is a must!

"Yes, third uncle, let third aunt have a good rest. Brother Changfeng, you and my brother help Chu Shui into my brother's room. Seeing Lin Changhong coming out with a porcelain bottle, Lin Caisang stood up and said.

"That's right, Alin, get up first, go back to the room and lie down. Don't get angry because of this failure. Your body is not worth it if you are so angry." Lin Baiyi came to his senses only after everyone reminded him, and quickly helped his wife up. stand up.

"What happened?"

Lin Changhong blinked and asked with a confused look on his face.

"Third aunt was so angry that she fainted?"

As he said this, he glared at Lin Caihe, who was completely confused. It was this person who had caused this, and the whole family had suffered along with her.

"etc."

Seeing that her husband was about to help her back, Yang Lin quickly stopped and turned to look at Lin Laogan and Lu Qiubo.

"Father, mother, now that Uncle Changfeng and the others are back, and Liu Chushui is at our house again, there are already a lot of things to do, and I might be pregnant again, so we can't be too troublesome, or..."

She glanced at her daughter Lin Caihe, who was staring at her belly with a deep look, and suddenly felt a chill in her heart.

"How about locking up He'er for a few days first, so that she doesn't go out all the time and get into trouble."

She couldn't help it. Firstly, the way her daughter stared at her after Sangsang said she might be pregnant was really scary. Secondly, the family couldn't bear the daughter's troubles any more.

She was simply locked up at home, and it wasn't like she wasn't given food. Let her calm down for a few days.

"Mom, how can you say that? I didn't do anything wrong? Why do you treat me like this?" After hearing her suggestion, Lin Caihe immediately looked at Yang Lin with wide eyes.

"Are you afraid that I will harm you? I won't. The only one I hate is Lin Caisang. I won't harm you. Even if you have a younger brother or younger sister, as long as you continue to love me, I won't harm him. ,real."

Afraid that he would be locked up and that he would never be free again, Lin Caihe pointed to the sky and assured Yang Lin.

However, her words sent chills down the backs of other people in the yard. Who would believe that Lin Caihe had never thought of harming the child in Yang Lin's belly? Otherwise, how could she take one bite without harming it?

Only with such thoughts will she feel that others have seen through her and want to hide it.

No one expected that when Lin Caihe heard that his mother was pregnant, her first thought would be that the child would compete with her for favor when she was born. How else could she!

Lin Laogong's face suddenly darkened.

"Lock her to the woodshed and let her think about what she did wrong!"

"No, I don't want it."

When Lin Caihe heard what Grandpa said, she screamed and tried to run out like crazy, but Lin Changhong grabbed her arm and carried her back.

"Where are you going to go to work at night? Just go to the woodshed and stay there."

With that said, he carried Lin Caihe into the woodshed like a little chicken and closed the door with a bang.

"No, let me out, let me out, I don't want to be here, don't be locked up!" Lin Caihe was thrown to the ground. He didn't care about the pain on his body. He stood up and went directly to the door of the woodshed. Slapping the wooden door.

"Be quiet. If you keep making noise, you won't get food!"

How could Lin Changhong be polite to her? He shouted directly at the door in a low voice.

If he dared to hurt his sister, even if Lin Caihe's parents were watching from behind, he would not be merciful to her. What's more, no one in the family was extremely disappointed with Lin Caihe.
