Chapter 283 'Eat and drink without worries'

"Maybe it's good news for you. Ya Molian thought for a while and said.

"Um?"

Lin Caisang was even more confused.

It was actually good news. Did Liu Baixiao offend someone again?

"Today I heard Liu Rumei's words outside the Liu family's house." Ya Molian said.

"What words?" she asked immediately.

"You actually eat alone when you have something to eat. Sure enough, it's not a close relationship... Liu Rumei didn't dare to say anything else. Tell me, what does this mean?" Ya Molian asked her back.

Hearing this, Lin Caisang's face darkened.

"I was thinking, Liu Chushui is Liu Rumei's biological child no matter what. How could he be so ruthless? It turns out that Liu Chushui is not Liu Rumei's biological child?!"

That makes sense.

How could a selfish person like Liu Rumei be kind to someone who was not related to her by blood? Beating and scolding was justifiable.

"Then Liu Baixiao..." She raised her head and looked at Ya Molian.

"Do you think Liu Baixiao has been like a grandson in the Liu family all these years and has the courage to support other women?" Ya Molian knew what she meant and asked her.

"So, Liu Chushui really has nothing to do with that family."

Speaking of this sentence, Lin Caisang really wanted to laugh. She thought the Liu family had produced such a mutated variety, but unexpectedly, it was grafted from outside. No wonder.

"Can you help me look into this matter?"

She really wanted to help Liu Chushui, and she also wanted to know how someone like Liu Rumei would be willing to raise a son who was not her own.

"Um."

Yamolian nodded.

"Liu Baixiao's place... huh?"

"Just beat him until he can't get out of bed for ten and a half days." Lin Caisang accepted his words.

"Hmph! When he can get out of bed one day, I will beat him again. Before Liu Chushui's injury is healed, I will not allow him to get out of bed. I will let him stay in bed and be served by Liu Rumei, and he will not have to worry about eating and drinking!"

After saying a lot of angry words, she finally remembered to ask, "Tell me, does my second uncle know about Liu Chushui?"

But before he could answer, he shook his head again.

"It's impossible for him to know. If he knew, it would be weird for Liu Chushui to grow so big."

Liu Baixiao is a person who is greedy for life and afraid of death, bullying the weak and afraid of the strong, insidious, vicious, and selfish. Anyway, any vicious words are suitable to be used on him.

For such a person, if he knew that Liu Chushui was not his biological child, he would still be able to keep him.

"Just wait for my news." Ya Molian said without making any assumptions.

"Um."

Lin Caisang nodded.

...

Liu family.

After being tortured like this, Liu Baixiao, who was frightened, still slept like a dead pig. His snoring was so loud that it could shake the ground. Lin Caisang was brought in by Ya Molian and couldn't help but lift him up. He took his hands out of his ears.

Ya Mo Lian didn't waste any time, and directly knocked Liu Rumei out, tilting her head to ask Lin Caisang.

"How do you want to beat him?"

Hearing this, Lin Caisang just raised his eyebrows and glanced at Liu Baixiao.

He reached out and directly lifted up the quilt on Liu Rumei and covered Liu Baixiao's head. Then he took out a stick from nowhere and threw it at Liu Baixiao's body.

The next second, Liu Baixiao's screams rang out, irritating Ya Molian's eardrums.

He just tilted his head, not daring to look at the violent side of his future wife. This was simply beating Liu Baixiao to death.
