

Star of Space 288

Chapter 288 The patriarch is here

"The key is that doctor, I don't know where he got such a thick skin. He actually boasted about how powerful he was, how many people he had saved, and how he was a contemporary miracle doctor. I... I almost vomited when I heard that.

As he spoke, Lin Changhong's words were full of complaints.

"I have never seen such a person. You know, before he praised you for how well you treated Chu Shui's injuries. As soon as he heard that our family would not let him buy medicine, his mouth immediately changed. Yes, don't you think you're angry?"

Lin Caisang also laughed after hearing this.

"I don't blame him. Everyone earns a living. He is a doctor. If he doesn't sell medicine, how can he make money? Don't be angry. I will also give some advice to Grandma later. What's the point of being angry? Woolen cloth.

"Um."

Lin Changhong nodded.

"Even though that's what I said, I'm still angry."

Whoever told that doctor to talk about his sister would make him want to beat her up!

"Sangsang..."

"Lin Lu, are you at home?"

Lin Changhong wanted to say something to Lin Caisang, but he heard an old voice coming from outside the yard.

The two turned around and saw the Lin clan leader walking in with Liu Baixiao on his back, followed by two tall men.

"Clan leader, why are you here when you are free?"

When Lu Qiubo saw the person, although he was still angry, he smiled and greeted him.

"Yesterday, didn't Sangsang say that he wanted to change the child's surname to Lin? I thought you would come and tell me today, but I didn't wait until it got dark, so I came over to ask."

It happened that Liu Baixiao was brought here. If this unfilial thing was not allowed to make amends with his parents, he would no longer have to be the leader of the Lin family!

"Did Sangsang tell you?"

Lu Qiubo was stunned for a moment, then asked again.

Last night, the old man said to wait, so she thought of letting the matter go. Unexpectedly, her granddaughter was really relieved about it.

When Lin Caisang heard the patriarch's words, she was stunned for a while. She breathed out Liu Baixiao last night. She really forgot about this matter. She never thought that patriarch Lin could get Liu Baixiao out of bed. Force him to apologize and admit his mistake.

"Brother, go find a smaller basket, and when the patriarch leaves, ask him to take some eggs with him," she said.

You can't let the clan leader help in vain. It's normal to give some favors. In the future, the clan leader will be able to think of their good and won't think about them always causing trouble for him.

Lin Changhong nodded and went to the kitchen.

"Yes, you told me."

Patriarch Lin nodded, and his eyes happened to catch the eggs in the bamboo basket.

He heard that Sangsang often went to the mountains to pick up wild eggs, and he thought that he would just be lucky enough to pick up a few. He didn't expect that there were so many, which made his eyes light up.

"It's just that this is a big deal after all. Sangsang is still a child, so you can't do anything. You still have to agree with me."

He looked away from the bamboo basket and continued.

"That is, that is."

Lu Qiubo quickly agreed.

Although she would ask Sangsang most of the things at home, because her granddaughter does have an idea, she did not want to push her granddaughter out too early and let outsiders know that an unmarried girl still had the right to speak at home. not good.

"The head of the family, the patriarch is here."

She returned to her house and pushed Lin Laojie's wheelchair out.

"Old Geng, what makes you think that you really want to keep that child by your side?" Patriarch Lin asked when he saw him coming out.
