

Star of Space 296

Chapter 296 I would like it

She didn't want to think so badly about her daughter, but Lin Caihe had such a personality, what could she do? Is it possible that she can still praise her unsatisfactory daughter into a flower?

That would have to be believed by other people, but she didn't believe it anyway.

Therefore, we can only find an in-law who can treat her, and it can also give the parents some peace of mind.

"I would like to find a good husband for her, and everyone will treat her well, but if you look at her like that, is that okay?"

she asked.

After hearing her words, Lin Baiyi was speechless for a while and could only shake his head.

"Then I'll answer what Dad said, and then I'll talk to Aunt Guihua and ask her to take the trouble to find a home for He girl.

Yang Lin nodded. After thinking about it, he felt something was wrong, so he warned Lin Baiyi again.

"Go to the kitchen and ask Mom for ten eggs to deliver to Aunt Osmanthus. Don't go empty-handed, or people will laugh at us later for letting someone else do the work for nothing," she said.

The key is that her daughter's marriage is difficult to find. What happened at Liu Baixiao's house last time has been spread in the village, and Yaguihua must also know about it. She is afraid that Yaguihua will refuse.

"Okay." Lin Baiyi responded.

...

It was getting dark, and Lu Qiubo and his son Lin Baiyi walked out of the yard of a house. An old woman with gray hair followed them out, with a smile on her face.

"Sister-in-law Osmanthus Osmanthus, please worry about my He girl's affairs." Lu Qiubo turned around and said sincerely to Ya Guihua.

She was worried about letting Lin Baiyi handle Lin Caihe's marriage alone. After all, these things were what women should do, and it was really unreasonable for a man to do it.

But now that Yang Lin, the mother, is pregnant again, it is natural for her, the grandma, to come forward.

"Hey, sister Qiubo, what you said is from the same village. I also watched He girl grow up. Can you be a good friend for her? Don't worry."

Ya Guihua said with a smile on her face.

"Thank you, Aunt Osmanthus Osmanthus." Lin Baiyi also thanked Ya Osmanthus Osmanthus.

Regarding what his wife said before, he also mentioned it to Ya Guihua. He didn't know if Ya Guihua heard it. It would be good to find a suitable in-law, but if not...

Anyway, he will have to inquire about it when the time comes, and he can't just accept it like this.

If it's not good, just disagree.

"Okay, okay." Ya Molian responded happily.

"Sister-in-law Osmanthus Osmanthus, let's leave first." After the matter was agreed upon, Lu Qiubo left with Lin Baiyi.

Seeing the two people's backs disappearing in front of her eyes, Ya Guihua's smiling face suddenly turned cold and she snorted softly.

"Mom, what's wrong with you? Aunt Qiubo has sent you twenty eggs. Look at you... you don't seem to be happy about it." Yaguihua's daughter-in-law came out and looked at his mother's expression. OK, asked.

Nowadays, who would go out to ask someone to do something and get twenty eggs? It's all a bunch of green vegetables, a few radishes, and at most two eggs.

It's really rare for someone like Lu Qiubo to directly bring out twenty eggs.

"I'd rather be happy with it."

Ya Guihua rolled her eyes at her daughter-in-law, and her expression became even colder.

"As for that girl from the Lin family, who else in our village doesn't know about it now? Where can it be so easy to find a good family? I'll tell her about the marriage later, but as soon as the man inquires about it in our village, why don't he just slap his ass and leave immediately?"
