

## Lucky Star of Space on Farmlands

### Chapter 3 We don't have such relatives in our family!

...

Lin Changhong hurried back to the old Lin family. On the way, he had heard Lin Changyi explain all the causes and consequences. At this moment, his eyes were red with anger, and he threw the prey in his hand into the yard with hatred, and was about to go to his house. He rushed to his sister's room.

"Changhong, what are you doing?"

Lin Lu was quick and quickly stopped Lin Changhong.

"We are all adults, why do we act so recklessly? Sangsang is resting and is not allowed in."

"Grandma, is Sangsang okay? Where is she injured? I..."

Lin Changhong wanted to say that he really wanted to go in and have a look, otherwise he would be worried because that was his biological sister. Now that his father is away, he must take good care of his sister!

But Lin Lu was blocking her, so he couldn't force his way in.

"It's okay, she's not injured. She just took a bath to warm herself up. Now that she's asleep, be gentle and don't wake her up." Lin Lu lowered her voice.

"My... Grandma, Second Aunt, how could she do this? It's so hateful, Sangsang is her niece!" Lin Changhong gritted his teeth, looked at Lin Lu with scarlet eyes, and said while grinding his teeth.

In fact, what he wanted to say was: Liu Rumei wanted to sell her, so why not sell her own daughter? How dare she touch his precious sister!

If Liu Rumei was still here at this moment, there is no doubt that he would use the bamboo arrows in his hand to poke several holes in that vicious woman to avenge his sister!

"What second aunt? That woman will not be your second aunt from now on. We don't have such relatives in our family!"

Lin Lu was so angry that she scolded him with a cold face.

"If she dares to come here again, I'll see if someone doesn't break her legs! But she's not doing well today either. Changhong, calm down. I think you came back from hunting a prey, leaving one for Sangsang." Replenish yourself and sell the rest in the town."

Hearing this, Lin Changhong grinded his teeth.

"good."

Although I was very angry, taking care of my sister and earning money for the family was the key now.

"Brother, are you back?"

In the room, Lin Caisang had not slept at all. She had already heard it when Lin Changhong came back.

Although she wanted to quietly think about what to do next, Lin Changhong was now her big brother, and she still had to discuss anything with him.

"Sangsang, are you okay? Brother, can you come in?"

Hearing Lin Caisang's voice, Lin Changhong asked quickly and glanced at Lin Lu who was stopping him.

"Brother, come in, I was just wanting to talk to you." Lin Caisang's voice came out.

Seeing this, Mrs. Lin Lu could no longer stop her. She could only let Lin Changhong in, but she did not forget to tell her, "Changhong, don't talk to Sangsang for too long. She is tired. Let her rest more."

"Just a few words, I have to go to the town. Nai, you pick the fattest pheasant for Sang Sang and Grandpa to replenish their bodies." After saying that, Lin Changhong pushed the door open and went in, still signaling to Lin Caisang. Then, the door was closed.

...

"What?!"

Not long after, Lin Changhong's roar came from Lin Caisang's room.

"Sang Sang, what you said is true, is it really...Liu Rumei proposed to the Chen family to bury you alive with the sick man?"

If that's the case, this Liu Rumei is really vicious and vicious, worse than a beast!

"Um."

Lin Caisang nodded.

She didn't even mention this to the Lin Lu family, she only told her eldest brother Lin Changhong.
