

Star of Space 30

Chapter 30 Black eyes filled with anger

A good thing that no one else could ask for happened to his daughter today, so why not be a little more confident about it?

"But....."

Ya Nian'er still hesitated and glanced at Ya Molian again.

This man is considered a well-known figure in their village. People say that Ya Molian earns a lot of money, not even a thousand but also a few hundred taels. Of course she wants the money.

However, Yamo Lian was unconscious now. He obviously had no injuries or blood stains on his body. She really couldn't help but wonder if this person had some hidden disease?

Otherwise, there are quite a few people coming to propose marriage to Ya Mo Lian, so why haven't Ya Mo Lian agreed?

The more she thought about it, the more likely it was.

No matter how good the money is, how can it be allowed if she is allowed to marry a man who is not in good health? She is the most beautiful girl in the village. What kind of man does she want to marry?

"Dad, it's better to say goodbye. If Ya Mo Lian wakes up and finds out that we have plotted against him, and gets angry... that would be serious."

She shook her head, still not daring to do it.

"Why are you so angry? He, Ya Mo Lian, is able to marry my precious daughter. That is a blessing he has earned over several lifetimes!" The man snorted in displeasure.

He was still angry. When Ya Molian woke up, the raw rice was already cooked. What could he do? Is it possible that you still want to cheat?

Humph, even if he wants to cheat, it depends on whether he has the ability.

"Nian'er, you have to listen to dad. This is a once-in-a-lifetime opportunity, do you understand? Quickly, take off your clothes and go to bed. As long as things are done, dad will let Ya Molian come to our house to be our son-in-law. Then what he earns All that money belongs to our family."

He thought beautifully that as long as Ya Molian came to his house and became his son-in-law, then whether he picked bird's nests or hunted game, it would belong to his family, and he could eat or sell it as he wished.

Moreover, Ya Molian is the son-in-law who comes to the house, so let him do all the work in the house, so he can relax.

What a great thing this is, killing two birds with one stone!

"I....."

"Sister, are you going to wait until Brother Mo Lian wakes up?"

When Ya Nian'er was still hesitating, Ya Sui'er reminded her with a green face.

She said she was coming, but her father refused and insisted on letting the eldest sister come. But look at the expression on the eldest sister's face, how reluctant she is?

"Sister, are you still thinking about finding a good family? Brother Mo Lian is already good enough. Let alone our village, even in other villages, is there a man as powerful as Ya Mo Lian? ?

You can collect bird's nests and hunt. The most important thing is that there are no elders in the family. In the future, you will not be able to serve your parents-in-law. You can do whatever you want, right? Are you stupid if you still despise it like this? "

"I....."

Ya Nian'er came to her senses when her second sister reminded her.

Yes, being in bad health doesn't matter, as long as he can earn money to spend on her, she is not a good person, and if this man is really bad, the worst is to let him earn enough money for himself, and then kick him Wouldn't it be enough if I kicked it?

Thinking of this, she no longer hesitated.

"Dad, you and your second sister go and guard the door. I..."

"What do you want to do?"

Before she could finish speaking, a deep voice sounded in her ears.

The three of them were startled at the same time, turned to look at Ya Molian on the bed, and almost screamed.

I don't know since when, Ya Molian has woken up, looking at the three people in front of her with anger in her black eyes.
