

Star of Space 310

Chapter 310 Whose face was ruined?

Although Ya Molian can help her do these things, it is her own business. She always lets Yamolian do it. How can she be so embarrassed? If she doesn't use LCD, next time Yamolian goes to the inner forest, she will be dead skinned. Go along with you with a bad face?

This is always possible, right?

"Um."

Yamolian responded.

"I have prepared a room for you. You have been busy all morning. Go and rest for a while before making incense."

he said.

Hearing this, Lin Caisang looked at the medicinal materials on the other side of the table, then lowered his head and thought about it, and felt that Ya Molian was right.

Although she doesn't need to rest after doing such a little thing, these spices won't be ready for a while, so why not go to Jian'an City first and reveal the imperial list first?

Thinking of this, Lin Caisang happily agreed and went to 'rest' in the room arranged for her by Ya Molian.

...

The capital of the Liang Kingdom was Jian'an City.

In the Liang Kingdom, Jian'an City was not the most prosperous place, but the capital city of a country could dazzle people.

Especially for people like Lin Caisang, who has lived for two lifetimes and saw such prosperous ancient scenery for the first time. He looked left and right, as if he was Grandma Liu entering the Grand View Garden. Everything looked beautiful.

Jinzhu Space did not send Lin Caisang directly to the edge of the crowded imperial list, but to a corner.

When Lin Caisang walked out alone, she found that many people were looking at her. She lowered her head and took a look at the clothes she was wearing. Even though she was wearing good clothes at home, she found them.

But when we got to this place, it was no longer enough. It was just a rustic girl movie.

Being stared at by so many people with strange looks, she moved a little uncomfortably with a self-made foreign-style satchel she was carrying on her shoulders. (PS: In the eyes of others, it is just a rag bag used for begging, and it is made of colorful rags.)

It contained antidotes and other things she made, as well as silver needles.

Originally, she wanted to make a medicine box out of wood, but the medicine box was too heavy and not as light as a small satchel. Anyway, she took out many things directly from the Jinzhu space, and the small satchel was just a mediator.

"cough."

He coughed lightly, raised his head and thrust his chest out into the crowd.

"Hey, wasn't the place where the little girl came out just now, Zeng Yulang's home? She wasn't there to see Zeng Yulang, was she?"

After Lin Caisang left, several older women began to whisper, speculating whether the little girl who came out of the alley that no one dared to enter had gone to Zeng Yulang's home.

That Zeng Yulang, according to his name, is a handsome young man, but if any girl saw Zeng Yulang's face, she would be so frightened that she would have nightmares for several nights.

"I heard that the Yan family broke off their engagement with the Zeng family a few days ago. Do you know about this?"

"It's not good. If my daughter has such a husband, I'll leave early to get married. Tsk tsk, you didn't see that Zeng Yulang's face fell so hard. I'm afraid he will have to wear a mask before going out."

Another woman who lived closer heard the conversation of several people and ran up to interrupt.

"That day, the young man from the Zeng family was so angry that he almost threw himself into the river. Old man Zeng managed to pull him back. Tell me, old man Zeng gave birth to six children, and it was just such a son. In the end, his handsome face was ruined. Your face is a sin."

"Sister-in-law, you just said, whose face was ruined?"
