Chapter 312 There are times when she regrets

"That's such a coincidence. Old man Zeng is looking for a doctor to treat his son's injury. Girl, why don't you give it a try?" Upon hearing this, the woman immediately suggested.

Although she was excited, she didn't care that Lin Caisang was so much younger than her, and even her honorific title came out.

"Sister-in-law, please lead the way, I'll go take a look." Lin Caisang said.

It just so happened that she lacked an opportunity to become famous in Jian'an City, so she could use this disfigured scholar to improve her reputation.

"Okay, okay, girl, please come this way." When the woman heard that she was willing to go, she immediately happily took her to Zeng's house.

...

The Zeng family, who lived in Jian'an City with a lot of relatives and relatives, was not really a big family. They only had a small rice shop, but it was enough for their family to gain a foothold in Jian'an City.

However, after his son was destroyed, Old Man Zeng no longer had the intention to run the rice shop and left it to his waiters. He watched his son at home to prevent him from drowning in the river again while he was not at home.

I was lucky to be saved last time, but I don't know if I will be so lucky next time.

'Clang!'

A large vat was smashed into pieces. Old man Zeng looked at his son who was originally polite and upright, and suddenly turned into a man who only knew how to curse people all day long to vent his anger. He covered his head and squatted in the corner.

At this moment, as long as his son didn't want to die, it would be considered a good thing if things were smashed a few times at home, and he had no intention of paying attention to the smashed tank.

"It must be that woman. I told you not to get engaged to that woman before, but you didn't listen. Come on now, I'm all ruined in her hands. Her family is better off, they just need a few servants to get rid of it. We, I must settle the score with them!"

Zeng Yulang's eyes were scarlet, and he pointed at the door and roared, fearing that even the street would hear his voice.

"Yulang, please keep your voice down, don't let people outside hear you." Old Man Zeng warned.

"Why should I keep my voice down? She, Yan Jinhua, can do such a thing, are you still afraid of me telling her?" Zeng Yulang roared even louder when he heard his father's words.

It's no wonder that he has such a bad temper and even quarreled with his own father. It was really the Yan Jinhua who was engaged to him before who went too far.

They just got married to him, and over there they fell in love with the young master of the Hou Mansion, and are about to go to the Hou Mansion to be the young master's concubine. Isn't it because the Hou Mansion has a little money and some power?

There are so many rich and powerful people in Jian'an City. He is nothing like a young master in a prince's mansion. How can he meet several princes, let alone the emperor? I'm afraid I can only brag and praise myself on the streets of Jian'an City, right?

"Shh, shh, Yulang, why don't you listen? That young master is not easy to mess with. We have little arms and legs, so don't mess with them, okay?" Old man Zeng lowered his voice and said to his son.

After all, it's his fault. Why did you think that the little girl from the Yan family was a good person before?

Unexpectedly, less than a year after the marriage was arranged, Yan Jinhua would be attracted by the young master of the Hou Mansion, and Yan Jinhua also felt that only a family like the Hou Mansion was worthy of her, and being a concubine was superior to others.

"That strict girl, when she regrets it, just listen to dad and study hard. Our family is counting on you to pass this subject..."

"What can I win? I'm already like this, what else can I do?"

Before Old Man Zeng finished speaking, Zeng Yulang pointed at his face. Now his face was covered with scars. Even if he ignored the scars on his face, this was a world where faces were judged.
