

Star of Space 318

Chapter 318 What face should I give?

With a 'pop' sound, he slapped the guard on the head.

"It's a flower. Do you dare to admire that flower? Come and see what the little girl is up to." He ordered.

Yunling flowers were rare, and he was worried that Lin Caisang would be careless and ruin all the flowers he had worked so hard to raise.

After all, for the doctor, although the rheumatism flower has medicine, it is the most poisonous. It is very likely that after knowing that these are rhesia flowers, he just wants to set a fire to them.

"If anything happens to my Yun Linghua, I will ask you for it!"

"Yes, my subordinate will go right away."

The guard was beaten so much that he was stunned, but he still obeyed and went to the yard to see what was going on.

I muttered to myself, wasn't it the Second Prince who invited the girl to live in this courtyard? Why was he so worried again?

Besides, this is the eldest princess's mansion. Who dares to light a fire in the princess's mansion, it's not like they are risking their own lives.

In the yard, when he heard the footsteps approaching from far away, Lin Caisang had already stopped his hand. There were already a handful of rheumatism seeds in the Golden Pearl Space. Planting medicinal materials in the space is faster than outside, and the survival rate is 100%. One hundredth, she doesn't need much.

Moreover, it was not like she had not heard the sounds outside the courtyard wall.

She raised her head and looked at the guard.

"Brother the guard is here to take me to meet the eldest princess?" she asked.

Of course she knew it wasn't the case, she just said that on purpose.

"Well."

Sure enough, the guard looked embarrassed for a while, his big eyes rolled around a few times before he managed to speak.

"Miss Langzhong, the housekeeper asked me to ask you if you can get used to living here. If there is anything else you need, just ask. As for the eldest princess, I am not a guard who can see her. Do you have time to see her? You, this is not certain." He said.

"Oh, I see."

Hearing this, Lin Caisang nodded, showing nothing on his face.

"It's okay if the eldest princess doesn't have time. In fact, I don't have much time. Since the two parties can't match up their time, then... why don't I leave first. This imperial list will be returned as if I made a mistake."

"What?"

The guard's eyes widened after hearing her words, as if he thought he heard wrongly.

Isn't this little girl here to treat the eldest princess? Why did he just say something that meant she wanted to leave?

"Ms. Langzhong, what you are revealing is the imperial list, and it is not a joke."

Who can expose the Imperial List whenever they want and return it whenever they want? In that majestic Liang Palace, where should the emperor's face be placed? This girl really loves to joke.

"Aren't you here to treat the eldest princess? Miss Langzhong..."

"I'm here to treat illnesses and save people, but I have to meet people."

Lin Caisang sneered and waved his sleeves lightly, showing no face at all.

The eldest princess's palace, the emperor's palace, it has nothing to do with a commoner like her. Why would she come here if she didn't have so many points to upgrade her golden bead space?

"My time is precious. I can only stay in Jian'an City for half an hour today. I will leave soon. Even if I can't see the eldest princess or diagnose the disease that the eldest princess has, why should I waste my time here? "

What's more...if someone wants to have fun with me, why can't I? "

She glanced vaguely at the place where the sound came from outside the courtyard, and slightly curled her red lips.
