

Star of Space 326

Chapter 326 Isn't it right?

Lin Caisang: "..."

Even though she said so much, do you still want to send it to her?

What else could she say? Can't you say it?

"Here, you cooked the beef really well. Eat a few more pieces. Hold the beef to his mouth again. After all, you have been losing weight for so long, so it is okay to have a big meal at the right time.

The two of them ate happily for more than half an hour before Ya Molian left.

...

Early the next morning, Ya Molian came over with two baskets, containing the tripe, ox blood, beef tendon and so on that Lin Caisang mentioned. The other basket contained a piece of beef weighing four or five kilograms. There are also some beef bones.

The two full baskets made Lu Qiubo grin at the corner of his mouth.

Especially when Ya Molian mentioned that these things were sent to her precious granddaughter Lin Caisang, her face smiled even more heartily.

"Old lady, Mo Lian gave me so many things, why did you accept them without saying a word?"

After Ya Molian left with her granddaughter, Lin Laojie pushed a chair to the door of the kitchen, looked at the two bamboo baskets placed on the table, and asked Lu Qiubo with a frown.

"What if you don't accept it? Why don't you give it back?" Lu Qiubo turned around and looked at him and asked him.

"this....."

Lin Laogong was speechless for a moment and didn't know what to say.

Why did his old lady collect Ya Mo Lian's things as if they were the right thing to do? What's the point?

"This Mo Lian lives alone. Although one person has enough to eat and the whole family is not hungry, it is not easy to make some money. If so many things are sold to the town, they will be worth a lot of money. It is not easy for us to always collect other people's things. No, let's think about what to give him in return."

"Oh, you're so nagging, shouldn't I accept something from him?" Lu Qiubo said angrily to his old man.

Her eldest grandson follows Ya Molian every day and is about to be deceived. As a grandma, can't she eat something from her grandson-in-law? Not to mention such a small amount of beef, no matter how much he offered, she would still have the nerve to accept it.

It's hard for Ya Molian to think that the Lin family is taking advantage of others by sending their granddaughter to someone else's house, right?

"Okay, there are so many things. I have to pack them away. You can talk to the third child for a while. I don't know if you can eat these when you are pregnant. The third child's family..."

Lin Laojie listened to his old lady muttering there, with a puzzled expression on his face.

But Lu Qiubo had always had the final say in this family. He didn't think any further and pushed the wheelchair to another room. Because it was a rainy day, Lin Baiyi's carpentry work was moved to an empty room.

This room was originally built by Liu Baixiao, but later he escaped with the money and it has been empty since then.

I never thought that the third child could pull an ox cart and sell woodware. Now that he has earned money, this room has been freed up to do carpentry for Lin Baiyi.

"Grandpa."

Lin Chushui was helping inside with a crutch, and Lin Changyi and Lin Caiqing were also there. When Chu Shui saw Lin Laogan at the door, he quickly went to push him in.

"Oh, you kid, be careful. Your leg is still injured. Let Qing Yatou and Chang Yi come over." Lin Laogan quickly waved him away and said.

"Brother Chu Shui, let's do it."

Lin Changyi immediately rushed behind Lin Laogan and pushed him into the room. Lin Caiqing was pulling the chair handle in front.
