Chapter 329 Don't overstep your bounds

"If anyone finds out which bastard hurt me, I will cut him into pieces!"

He raised his hand and pinched her cheek softly, "Leave this matter to me to investigate. Let's go to the eldest princess's mansion first.

Those who dare to bully his little Sangzi, no matter who they are, he will definitely make them pay the price, and this time, he will never let those people off lightly!

Calculate the old and new accounts together!

"Um."

Lin Caisang nodded.

Indeed, going to the eldest princess's mansion is the most important thing right now. The mission can be completed by curing the eldest princess's illness.

"Shishu, did I read it wrong?"

As soon as Ya Molian and Lin Caisang left, two figures walked out of a teahouse. One of the women looked at the empty alley and asked her companion.

"You read that right, I saw it too." The secretary looked calm as usual and said to her.

"He is really our palace master."

The woman's face was filled with astonishment, and she looked in disbelief at the alley where her palace master was no longer around.

"Isn't the Palace Master in Ye County? How come you are here? Didn't you just send a message to banished Jue yesterday? Could it be that the Palace Master was already on his way to Jian'an City at that time?"

Hearing this, Shishu glanced lightly at his companion.

"Shiqin, where the palace master wants to go is not for us and other subordinates to question, so don't overstep your bounds.

"I'm not curious."

Shi Qin heard her words and murmured softly.

"Why do you think the palace master came to Jian'an City? Why didn't he inform us? I just saw a girl next to him. Who is she?" She asked several questions in a row.

The servant, on the other hand, just looked at her indifferently and didn't say a word.

"Shishu, what am I asking you?"

Seeing that Shi Shu didn't answer his question, Shi Qin asked again persistently.

"Ask your questions to the palace master yourself when you see him." The servant replied coldly to her.

Wasn't Shi Jian's fate enough for her to see her identity clearly? They are just the palace master's subordinates. To put it bluntly, in fact, they, the women in the palace, are not even worthy of being called the palace master's subordinates.

It's just that there are some things in the palace that require women to come forward conveniently, so they are there.

"Well."

Shi Qin was speechless by her words.

How could she ask the palace master if she thought her life was too long? You obviously already know what happened to Shijian, okay?

"Okay, pretend I didn't ask."

The Palace Master is the Palace Master, and they are not someone who can guess at will. She should go about her business and don't turn around and delay the Palace Master's important affairs. It is she who will suffer.

...

At the gate of the eldest princess's mansion, when the guards guarding the gate saw Lin Caisang with full beard and tail appearing in front of them, they all looked at her with wide eyes.

"Ms. Langzhong, are you...are you okay?"

Didn't it mean that the perpetrators were caught and confessed that the old man had chopped up the doctor's girl?

But looking at the man in front of him now, he didn't look injured at all. He was chatting enthusiastically with the man next to him, and his face was even more rosy.

"What can happen to me? This is the eldest princess's palace. Can I, a doctor, do anything?" Lin Caisang asked the guard.

"Well."

The guard was immediately embarrassed by the question.

Yes, this is the eldest princess's mansion. Among all the mansions in Jian'an City, which one is as tightly guarded as the eldest princess's mansion?

But it happened that this was the eldest princess's mansion that was heavily guarded, but a group of young people had taken over it and almost killed the doctor's girl. Fortunately, they were not easy to bully, and they didn't seem to be hurt at all.
