

Star of Space 350

Chapter 350: Order this kitchen

In fact, he couldn't help much. At most, he could wash the dishes, hand out water, etc. Lu Qiubo was still busy with the rest. Yang Lin wanted to help, but Lu Qiubo kicked him out.

"Grandma Qiubo, you are cooking so early."

Ya Molian came back with Lin Caisang, and happened to see Lu Qiuboti walking out with a knife of meat, with a happy face.

"Hey, Sangsang and Mo Lian are back."

When Lu Qiubo saw the two of them, the smile on his face became even deeper.

"Mo Lian, today is the day of the Ear Grain, and there is no one at home, so just spend it together at our house, so as not to go home and start the fire again, which is so troublesome.

She said to Ya Molian.

Hearing this, Ya Molian glanced sideways at Lin Caisang and asked for her opinion.

"Watch what I do?"

Lin Caisang looked innocent and glared at him angrily.

What does this have to do with her? Grandma asked him to stay. Could it be that she said he was not allowed and he could still leave?

Isn't her grandma already prepared? She raised her beautiful eyebrows towards the main room on the side, and sure enough, she saw Lin Changfeng and Lin Changhong walking out, pulling Ya Molian into the room one from the left and the other from the right.

"Grandma, let me help..."

"Go, go, go, help me, don't help more and more. Go sit in the main room and don't make trouble for grandma. Before Lin Caisang could finish her words, she heard her grandma's voice sounding like she was shooing away flies. .

"Qing Yatou, I have a long-term intention. I'll get you Sister Sangsang away. If you don't come back and steal my kitchen, you won't have anything to eat."

Lin Caisang: "!!!"

Is she really that scary?

In fact, what she wanted to say was that she had made food before, really, but the ones she made were sweets, bread and cakes.

Without ovens in this world, her skills would be useless.

However, maybe she can also make a toast stove here. There is a small place unused in the yard. Her eyes glanced at the corner where some stones were piled at the east end of the wall.

This place is perfect for making a toast stove, and then put up a roof to prevent rain from falling on the stove.

Then she can bake bread and make cakes to eat.

"Sister Sangsang, there are melon seeds and peanuts in the hall. Come over and eat them."

Just as she was thinking about the toast stove, Lin Caiqing and Lin Changyi rushed out of the main room and pulled her inside.

...

Entering the main room, a large family was sitting inside, cracking melon seeds.

Lin Caisang also found a stool and sat down, and happened to sit next to Ya Molian. Ya Molian grabbed a handful of peanuts from the table and put it in her hand.

"Thanks."

She thanked her and heard her grandfather's deep voice.

"Well, it's time to make new clothes for He girl. If people come to our door later, we can't lose our face. Third child, take some time to go to the town and buy some cloth, something with a brighter color. "Now that A-lin has nothing to do, let her make clothes for He girl."

"Huh, Dad, I understand." Lin Baiyi nodded.

"We need to hurry up on this matter. I don't know when your Aunt Guihua will be able to bring people here." Lin Laogan explained again.

Lin Caisang: "..."

Grandma Osmanthus? Isn't that the famous matchmaker in their Ya Village? Why is she here? Now I have to make new clothes for Lin Caihe, and I have to wait for Ya Osmanthus to come to my door. Isn't it...

"Grandpa, third uncle, do you want to announce your marriage to He'er?"
