

Star of Space 360

Chapter 360 That's why you're here to die!

"No, it's nothing, it's just a little punishment, haha.

She stretched out her hand, and used her thumb and index finger to outline a small gap in front of Ya Molian's eyes, trying her best to make herself not look uncomfortable.

"Small punishment?"

Ya Molian raised her eyebrows and stared at her without blinking.

What kind of small punishment would make this girl willing to go to Youxiang River and lose her life to complete this task?

"Yeah, a small punishment, oh, it's really just a small punishment." Lin Caisang had no choice but to turn around and not look at him.

"It's just that as a doctor, I have to be determined to save lives and heal the wounded. I can't shrink back and admit my failure and incompetence just because I encounter such a trivial thing, right? Anyway, I am confident that I will be able to do it..."

"You stay at home while I go to Youxiang River.

Before Lin Caisang finished speaking, Ya Molian's deep voice was heard.

"What?!"

Lin Caisang was shocked and suddenly turned around and stared at him.

"No, what are you going to do? You can't go, you absolutely can't go."

Are you kidding? How could she let Ya Molian go? How could she not know where the famous Youxiang River was? Letting Ya Molian simply send him to death.

"Don't you know how cold the Youxiang River is? The poison you have been poisoned means that you cannot stay in places that are too cold or hot for a long time, otherwise the poison will definitely develop. If you go to the Youxiang River, you are looking for death!"

"I'll go, or I'll take you home. We won't go anywhere together. You choose one." Ya Molian looked at her steadily and gave her two choices.

Hearing this, Lin Caisang fell silent.

Given one of the two choices, could she choose to fail the mission directly?

"Wait a minute, I'm going to ask what the punishment will be for failing the mission." She said to Ya Molian in a low voice, then turned back to the room Ya Molian prepared for her in the bamboo house.

"come out."

When Lin Caisang left, Ya Molian's eyes dimmed immediately and she uttered two words coldly behind her.

"Palace Master."

Ban Jue immediately walked out and looked at his palace master.

"Are you really planning to go to Youxiang River?"

When they went back to Youxiang River last time, they suffered heavy losses. Although he thought about bringing enough people to go there again, the palace master issued a death order and they were not allowed to set foot on Youxiang River again.

"Go get ready."

Ya Molian didn't say much, just gave instructions.

"Palace Master, you don't have to go there in person, my subordinates will take people to bring back the 'Ultimate Hell Ginseng'." Exiled Jue did not hesitate to see him and quickly put forward his idea.

As soon as he finished speaking, he felt His Highness's sharp eyes carving out his flesh, and he could only grit his teeth and respond.

"Yes, I will prepare now."

"etc."

Suddenly, Ya Molian stopped him again.

Upon hearing this, Ban Jue thought that his palace master had figured it out and decided not to let him take the risk. His eyes suddenly lit up and he turned around to look at Ya Molian.

"Palace Master, you..."

"Send a message to Ban Wu and ask him to come over immediately." Ya Molian ordered him.

"Yes, I obey."

Exiled Jue's eyes dimmed, knowing that he could not persuade his palace master, so he could only try his best to prepare all the necessary things in case of unexpected events.

...

In the golden bead space.

Seeing the words flashed in the jade mirror, Lin Caisang really had the urge to throw away the broken bead.

"What do you mean if you can't complete the mission, you won't be able to take on missions in the future? How can this be true?" she asked angrily.
