

Star of Space 377

Chapter 377 Just eat fruit?

"Didn't you let me follow?" Ya Molian's black eyes narrowed slightly.

"yes."

Ban Jue raised his hand and touched the tip of his nose, feeling a little guilty.

But there was nothing he could do about it. Miss Lin told him categorically that she would let him watch the things she was cooking in the kitchen on Menghuang Mountain. Naturally, he did not dare to leave.

Although there is still a Zhong You in the kitchen, that little one probably doesn't know much about kitchen work than Miss Lin.

"How long have you been there?" Ya Molian asked.

"Almost an hour and a half."

Ban Jue looked at the sky outside and replied.

Ya Molian also looked outside the door and secretly thought: The little girl went into the mountain so early. It seems that she did it on purpose. She was afraid that when he came, he would follow her into the mountain. She didn't want him to go, right?

"Go and have a look. He ordered his banishment.

At this time, he really couldn't go to the mountain to look for her, otherwise, the little girl would definitely get angry and show him.

"This... Palace Master, something is simmering in the stove. Miss Lin asked her subordinates to watch the heat." Ban Jue said helplessly.

Hearing this, Ya Molian looked at him seriously, then turned to look at Ban Wu aside.

"you go."

"Yes, Palace Master."

Ban Wu responded, turned around and walked out.

"Palace Master..."

Ban Jue looked at his palace master innocently, why was he angry? Wasn't he telling the truth?

If he is confused by what Miss Lin asked him to look at, then he is waiting to be ripped off!

"What are you doing here, aren't you going to the kitchen?"

Ya Molian looked at him, took the chopsticks in his hand, and reminded him.

"Yes, my subordinates will go right away." Ban Jue responded and immediately went to the kitchen.

...

On the other side, Fei Wu didn't walk long before he met Lin Caisang, who was wearing a raincoat and carrying a basket of red cherries.

He quickly stepped forward and took the basket from her hand, then took the bamboo basket off her back and held it in his hand. There was a bamboo basket full of loquats, with a piece of her on top. The wild honey I brought back.

Although it rains at this time of year, there are quite a lot of fruits in the mountains. Cherries and loquats are in season, as well as some wild strawberries, black raspberries, red raspberries, and raspberries. You can pick and eat everything.

"Miss Lin, you are finally back. The palace master is looking for you."

"He got up so early?"

Lin Caisang asked casually, then without thinking anything else, he continued walking towards Menghuang Mountain.

Ban Wu: "..."

Is it still early?

According to what Ban Jue said, Miss Lin, you should have entered the mountain an hour and a half ago, right?

Compared to you, the Palace Master should be considered very late, right?

"Miss Lin, you picked so many fruits?"

"Um."

Lin Caisang nodded.

"Useful at noon."

Ban Wu: "???"

Did they just eat fruit at noon? Can't?

Back on the mountain, Lin Caisang went to see Yamolian first to prove that he was back and that he didn't need to worry, so he went to the kitchen.

Ban Jue, who was originally in the kitchen, and Ban Wu, Jiang Zuo and Jiang Li who wanted to help, including Zhong You, were kicked out of the kitchen by Lin Caisang. The five of them were standing outside the kitchen. Look at me. Let me look at you.

In the end, nothing was said and everyone went about their own business.

In the kitchen, Lin Caisang washed the cherries and loquats she picked, soaked the raspberries in salt water for a while, and then blanched the loquats in hot water for a while and picked them up.
