

Star of Space 390

Chapter 390 It's so serious

Although he had never thought about family separation before, when Sangsang brought it up, he definitely agreed with both hands, especially since there was Lin Caihe in the family. He would be a fool if he didn't agree.

"Before I joined the army, my father told me that I must be filial to my grandpa and grandma," he said.

Hearing this, Lin Caisang also nodded.

"Sangsang, you want to do business, what kind of business do you want to do?"

Suddenly, Lin Changhong thought of another thing and asked his sister, what would his sister do? Collecting herbs? Does his sister still want to open a pharmacy? But how much money does it cost to open a drug store? It's not as simple as talking about it.

"Do you have too much money and nowhere to spend it?"

So looking for a place to spend your money? Opening a shop is a waste of money?

Lin Caisang: "!!!"

Angry eyes glanced at his eldest brother!

"You have so much money and nowhere to spend it!"

But what her eldest brother said hit home in her heart. Didn't she have a lot of money in her pocket, but didn't know how to spend it?

"Why did you come into my room when you had nothing to do? Who let you in? Get out!"

With that said, she kicked her eldest brother out of the house, closed the door with a bang, and went to the main room to talk to her grandpa.

Behind him, Lin Changhong was driven out inexplicably: "..."

Wasn't it his sister who pulled him into her room just now? Did he remember it wrong?

Raising his hand to touch the back of his head, he quickly chased after her.

"Sang Sang, Sang Sang..."

After talking about her affairs, he still had something to mention to her. Well, the two of them would have to talk quietly later.

...

During dinner, the table was full of people, but no one dared to leave because the sullen old Lin didn't say anything.

Finally, Lu Qiubo stood up, "I'll clear the table first."

"Mom, let me help..."

"Sit down."

Before Yang Lin could stand up, Lin Laogan spat out three words to her.

Yang Lin glanced at her husband and sat back timidly.

"Dad, what's wrong with you? Just say whatever you want. What are you doing? You're scaring the children." Lin Baiyi saw this and hurriedly spoke out.

Chang Yi and Qing Yatou were so frightened that their heads almost shrank under the table. Not to mention them, even he felt that something big had happened at home.

"The whole family is here today. Girl He, I also asked your grandma to bring you out. Girl He, have you thought clearly about these days in the woodshed?" Lin Laogan's sharp eyes glanced at Lin Caihe. .

When the latter saw him looking towards her, he shrank his neck and responded weakly.

"Think clearly, I was wrong."

But at such an old age, Lin Laogong, how could he really think that she had changed just because she made a mistake in that sentence?

From Lin Caihe's unconvinced eyes, he could already see that the wrong sentence was just because he didn't want to be locked up in the woodshed again and had to bow to his family.

"It's good to know that you were wrong."

At this moment, he didn't want to worry about it so much and nodded.

"Everyone is here today. I have something to tell you."

"Dad, what happened? It's so serious." Lin Baiyi asked with a smile.

"Grandpa, if you have any questions, just tell me, and I will do it for you if I can." Lin Changfeng also responded.

"Today, I discussed it with your grandma. Now that you children have grown up and have your own ideas, it is not an option for such a big family to sit together to settle accounts and eat."

Lin Laogen spoke in a deep voice.
