

Star of Space 393

Chapter 393 It's time for you to go to heaven!

"shut up!"

Lin Baiyi yelled at Lin Caihe.

"I shouldn't have let you out. Look at you like this. You know you're wrong. If you interrupt again, I'll kick you out!"

"I....."

Lin Caihe opened her mouth and wanted to say something, but she saw Lin Changfeng staring at her with a sinister look. Her soles felt cold and she could only lower her head in frustration.

"Dad, don't be angry. It's okay if I don't tell you."

However, she felt that she was right. Since the family was separated, their family couldn't get nothing, right? The family's house, money, men, etc., why shouldn't they have a share?

"Girl He is right. Since the family is going to be separated, these things should be divided as well." Lin Laogan said.

"The house at home, third child, the four rooms on the west side belong to you. The west side of the main hall belonged to me and your mother, so we can't separate it. When I was young, I followed Chu Shui to sleep in the east room next to Changfeng. Feng still lives in the original room on the east side, just like borrowing it from your eldest brother's house. In other kitchens and so on, everyone still eats in the same stove, so it's not good to separate them so clearly.

Furniture and other things are all for their own use, and there is no need to move them around. There is nothing else..."

"Grandpa, what about the money? If the family is divided, my family will also get some money, right? Sister Sangsang has earned so much money, so she can give us a total of ten or twenty taels, right? Otherwise, this wouldn't be considered a family separation.

When Lin Laogong said it was nothing, Lin Caihe became anxious and quickly reminded him.

Don't think that she doesn't know anything because she is locked in the woodshed. She has heard a lot. Lin Caisang must still have money in his hand, but he just refuses to take it out.

"As you just said, my eldest brother is going to take the exam soon. This can't be done without money."

After hearing her words, the faces of everyone in the hall turned dark. Lin Changhong even slapped the case and walked away. His face was all red with anger at Lin Caihe.

"Lin Caihe, you really dare to slap me in the face. Who do you think you are? How dare you ask Sangsang for money? Have you ever worked for Sangsang? You just want to get money for nothing without doing anything." Where's your face? Didn't you pick it up after leaving it in the woodshed?"

"What did I say wrong?"

When Lin Caihe saw that her parents didn't say anything, but Lin Changhong was yelling and screaming, she felt that her parents agreed with her words, so she straightened her back and shouted at Lin Changhong.

"Before we separated, the money she earned from Lin Caisang belonged to everyone. What's wrong with me asking for some money? I haven't asked her for the land on the barren mountain yet...ah!"

Before she could finish her words, she was slapped by an oncoming slap. She screamed in pain, covered her face and looked at the person who raised his hand to hit her.

"Big...brother, you...you hit me?"

"If I don't wake you up, you will go to heaven!"

Lin Changfeng's face was also red at this moment, but he was not only red from anger, but also from embarrassment.

"Why do you hit me? It's not because of you that I ask for money from grandpa. I heard from Sister Yushui a long time ago that there are many places in the county where you can spend money to take the exam. Is it possible that you don't want to take the exam? I wonder? Do you want to be famous as Luosunshan?"

Lin Caihe's eyes were red and he cried to Lin Changfeng.

"you--"

"Lin Caihe, shut up!"

Hearing the words 'famous to Sunshan', Yang Lin became even more furious and stood up regardless of Lin Baiyi's comfort.

"Lin Caihe, Lin Caihe, do you have to make trouble until you have no place in this family to feel at ease? To feel comfortable? If this family didn't have you, would this family be like this?"
