

Star of Space 396

Chapter 396 There has to be something mean

"As for whether this family can be divided? How? I think, my grandma, my grandma, my third uncle and my third aunt are all here. It's not your turn, a little girl who hasn't even had hair extensions, to speak. So what if you don't agree? "

For a person like you who specializes in doing things that harm others and not benefit yourself, you can go wherever you like and no one cares about you. Do you really think you are great? "

"you....."

Lin Caihe was furious and turned to look at his father.

"Dad, look at her, she finally showed her fox tail. Look at what she said. Please speak quickly."

She was going to be furious. That was ten taels of silver. She took it out and wanted to take it back. How could she? It was her future dowry. She had to get it in her own hands!

"Bai Yi, you can go to Aunt Guihua and ask her later."

Without waiting for Lin Baiyi to say anything, Yang Lin shook his head lightly and said to his husband.

"OK."

Lin Baiyi responded.

"Father, mother, you...you..."

Lin Caihe was stunned and looked at them with his mouth open, unable to speak a complete sentence.

Lin Caisang talked to her like this, and instead of helping her, they asked Granny Guihua to quickly find her husband's family? What is this? This is because she is not treated as a daughter!

"Mom, Qing'er can stay in the original room, no need to bother, and ask Chang Yi not to move.

Yang Lin looked at Lu Qiubo, spoke to her in a deep voice, and then looked at Lin Caihe, whose face was full of astonishment, with a look of exhaustion on his face.

"He'er, since you think we as parents treat you badly, Mom will tell your grandpa that she won't lock you up anymore. However, you can continue to live in the woodshed. Parents are not treating you badly. You are not good. Since I am being mean to you, there must be something mean about you.

You can't live in the room anymore. Didn't you live in the woodshed for a while? You will live in the woodshed from now on. "

"I....."

Lin Caihe looked at his mother in fear. It was impossible to say that he was not afraid.

"It's better if we divide this family, so we don't have to worry about it."

Yang Lin looked at his daughter, spoke quietly again, and then turned to look at his parents-in-law.

"Father, Mom, I think we'll do it this way. We'll just go to the clan leader tomorrow and separate the two families on the family tree."

"Um."

Lin Laogen nodded solemnly.

...

After leaving the main room, Lu Qiubo and Lin Baiyi, mother and son, went to Ya Guihua's house again, while Lin Laogan returned to his room.

In the yard, Lin Changfeng stared at Lin Caihe unwillingly, and moved her clothes and other things to the woodshed. At this moment, Lin Caihe was really gnashing her teeth with hatred.

But what can be done? None of these people are worthless. How can she fight alone?

"Hmph, just wait. When I get married, I won't have to rely on you anymore. When the time comes, Lin Caisang will kick all of you, and you will come to my door to beg me!"

Throwing all her clothes on the bed in the woodshed, she lowered her voice and cursed angrily.

In the yard, Lin Changyi looked up at Lin Changfeng.

"Brother, will something happen if the second sister is like this?" he asked in a low voice.

He saw that the second sister had just glared at him with such fierceness that she almost wanted to drop a piece of flesh from his body.

"What could happen?" Lin Changfeng lowered his head and asked him.

The biggest worry at home is Lin Caihe, right? What else happened?

"I don't know either."

Lin Changyi shook his head and looked at the open door of the woodshed.
