

Star of Space 397

Chapter 397 Even if it sinks into the river, it's not certain

"Just looking at the second sister like this, I feel very angry. Brother, tell me how the second sister became like this. Where did she learn all those crooked ideas?"

If you want money, find a way to earn it yourself. If you really can't earn it, can't you just follow Sister Sang Sang's example?

Why would you want to take Sister Sang Sang's money as your own?

"Who else can I learn from? Liu Yushui."

Lin Caiqing curled his lips behind them.

Whenever Liu Yushui came to their house before, her second sister didn't follow her like a little follower. The third sister learned all her virtues from Liu Yushui.

Hearing the words Liu Yushui, Lin Changfeng's face suddenly darkened.

...

People in the yard were talking, and in Lin Caisang's room, Lin Changhong and his sister were whispering.

In fact, it wasn't a whisper. Lin Caiqing and Lin Changyi both knew about it, but he didn't want grandpa and grandma to get angry after knowing about it.

"Brother, why are you so mysterious?"

"Sang Sang, big brother is telling you something, don't be angry." Lin Changhong lowered his voice and spoke to his sister.

"Why am I angry?"

Lin Caisang asked angrily.

Could it be that her precious brother dug another big hole for her?

"I saw Zhou Liang today, behind the big tree at the entrance of the village, and Liu Yushui. These two people are getting together again." Lin Changhong said mysteriously.

Lin Caisang suddenly widened his eyes and looked at his eldest brother.

"Really? You're not mistaken, are you?"

"How could I be mistaken? There are also Changyi and Qing'er. They also saw it." Lin Changhong said seriously.

Lin Caisang understood. It turned out that he had meant to tell her this before. Fortunately, his eldest brother stopped him. Otherwise, grandpa and grandma would be so angry that they wouldn't even be able to eat.

But having said that, it is really sad for Old Master Zhou to have such a grandson who specializes in digging holes for his family, and no one else.

Although there is Lin Caihe in her family, the girl's family will eventually get married.

But Zhou Liang is different. He has to marry a wife. This is because he wants Old Master Zhou to worry about his grandson until death, so that he can feel comfortable. This is really a skill.

"Are you angry or not? These two people are actually getting together again. Zhou Liang is so fed up that he actually came here to find Liu Yushui." Lin Changhong continued talking when he saw that the girl was silent.

Hearing this, Lin Caisang raised his eyes and glanced at him.

"What's so annoying about this."

"Aren't you angry?" Lin Changhong asked her.

"not angry."

Lin Caisang shook his head.

In fact, she was quite happy when Zhou Liang came to see Liu Yushui.

"Isn't it good that Zhou Liang comes to see Liu Yushui again? Liu Yushui is carrying his child after all. When he calls me daddy in the future, he will always respond, right?"

"Then the two of them communicate secretly like this. This is too..." Lin Changhong looked at Lin Caisang with an ugly expression on his face.

"Fortunately, we saw it. If it had been someone else who saw it, they might have been arrested again, even Shen He. The face of our Yacun would have been completely disgraced by them."

"Brother, just pretend you didn't see it, and tell them later that they shouldn't go around talking about it," Lin Caisang said.

"Why?"

Lin Changhong looked puzzled.

"They can do such a thing, why don't people say a few words about them?"
