

Star of Space 399

Chapter 399 I have never seen such a shameless person!

They, Ya Village, were known as honest people, but they were bullied by their parents and brothers at home. They worked like a mule every day, and all the money they earned was divided between their parents and several brothers.

And because his face had several deep scratches from branches when he was picking bird's nests, all the girls avoided him when they saw him.

As for age...

Not that big, he was born in the same year as Brother Changfeng.

"If this marriage really happens, Yagu Mande will be bullied by his parents and Lin Caihe. Can we still live like this? Brother Mo Lian, why don't you react?"

A person who is not very good at speaking, caught between his snobbish parents and the equally unreasonable and unforgiving Lin Caihe, is going to drive him to death, right?

"It's none of my business how I need to react," Ya Molian said.

Lin Caisang: "..."

Why are you asking so clearly when it's none of your business?

She gave him an annoyed look.

"Actually, for Yaguman, it is a great blessing to have a wife." Yamolian saw Lin Caisang's face turned down and quickly explained.

"Perhaps you haven't heard that when Yagu Man went to the mountains a few days ago, he twisted the muscles and bones of his left hand. He can't even lift his hand now. It's as if it's disabled. Naturally, it will be impossible to make a living collecting bird's nests in the future. of."

"Injured your hand?" Lin Caisang frowned.

"Um."

Yamolian nodded.

"So, his parents felt that his son was no longer useful, and they didn't want him to have a free meal at home every day, so they decided to let him move out alone. You can guess where he will move, right?"

"That abandoned small courtyard at the east end of our row of courtyards?" Lin Caisang asked.

She knew that it was the old house of Yagu Man's family, but... that house was even more dilapidated than the one Liu Baixiao's family bought before. There was no place for people to live in it, so it had to be rebuilt!

Ya Molian nodded again.

"But it was unacceptable for Yaguman's parents to just kick their good son out of the house like this. They couldn't justify it in front of the Ya clan leader, so they thought of marrying him first, and then thinking that he would have to start a family and build a business for his own family. I wanted to send him to live in the old yard."

"Depend on!"

After hearing his words, Lin Caisang couldn't help but curse.

I have never seen such shameless parents. My own son, when it is useful, squeezes out every drop of blood, and then throws it away directly after draining it!

If Yaguman had no other skills besides picking bird's nests, wouldn't he have to starve to death?

"Then they decided that Lin Caihe was despised by everyone in the village and they would be able to save even the betrothal gift, so they decided to arrange this marriage, right?" she asked.

Ya Molian nodded and acquiesced to Lin Caisang's words.

"That's pretty much it."

"I've never seen such a shameless person!" Lin Caisang cursed.

"Haven't you seen it?"

Ya Molian asked her back.

"Isn't Liu Baixiao just one?"

And Lin Caihe, who is still in the Lin family, is the one who has reached the highest level among shameless people.

"Why do you mention him so well?"

When it came to Liu Baixiao, her only good mood disappeared.

"Then when will they come to propose marriage?" she asked.

"If your grandma agrees, it should be done soon. After all, Yaguman's parents want to kick this useless son out early. They don't have much food at home."

Ya Molian said.

"laugh."

Lin Caisang couldn't help but laugh.
