

Star of Space 406

Chapter 406 Still underestimated Lin Caihe

"I....."

Lin Caihe opened his mouth, not knowing what to say.

"Grandma, I..."

"Yagu doesn't dislike you at all, how dare you dislike him?"

Lu Qiubo looked her up and down and shook his head.

"Lin Caihe, let me tell you, I have decided on this marriage. Just stay at home and marry Yaguman when you are old enough to live a good life with him. These days, you Yaguman is such a hard-working and capable young man. , it's already hard to find."

Lin Caihe: "..."

How despised she is in this family, grandma actually said such a thing.

Does she only deserve to find a husband with a broken hand and a disfigured face? And Lin Caisang, could she be attracted to a handsome and capable man like Ya Molian? And look at that, Ya Mo Lian is held in the palm of his hand every day!

Why is she dissatisfied?

Even if she wanted to marry, she would marry a man like Ya Molian. How could she be that fool Ya Guman!

"Grandma, you said Yaguman is so hard-working and capable, why don't you let Sister Sangsang get married? Anyway, I don't want to marry him, even if I die."

After saying this, she ran away crying.

"You...she..."

Lu Qiubo pointed at Lin Caihe's running back, stamping his feet angrily, and finally could only look at Lin Caisang.

"Sangsang, look at this..."

"Grandma, please leave her alone. It won't be her turn to say no when the time comes." Lin Caisang advised Lu Qiubo.

To be honest, she really thought Yagu Man was a good person, especially after she returned to the yard and heard what Ya Guman said to his mother.

At least it proves that Yagu Man is a responsible man. He knew that he was no longer alone after the engagement, and he did not compromise with his mother casually. Although it was through other people's words, at least he said what was in his heart. .

She was really angry when she heard Lin Caihe's disdain for Yaguman.

Her grandma was right when she said something. She dared to dislike Yaguman even before Yaguman disliked her. Who gave her the face?

...

However, she still underestimated Lin Caihe.

I soaked in the woods for another long time and on the Menghuang Mountain for another long time. I made dried fruits and sealed the flowers and jam.

After returning home with her aching shoulders, she opened her door and wanted to use a piece of cloth to wipe the rain off her body, but she didn't expect to see a messy room.

"Grandma, grandma."

She walked backwards back to the yard and called Lu Qiubo who was busy in the kitchen.

"Sang Sang, what happened? There are still slices of meat fried in Ah Nai's pot." Lu Qiubo asked her.

Fortunately, Lin Caisang stood not far from the kitchen door. After she asked, she went back to cooking.

Lin Caisang: "..."

She didn't care whether it was meat or not, but instead of calling Lu Qiubo, she walked to the door of her eldest brother's room and opened it.

Sure enough, it was just as messy as her room. Then, she opened Lin Changfeng's room again, and it was the same.

Walking to a row of houses to the west, she opened the rooms of Lin Baiyi and Yang Lin. Since Yang Lin had nothing to do at home, he had to go to Menghuang Mountain to help her, so she didn't stop him. Anyway, he wasn't tired from what he was doing.

But I didn't expect...

"Sang Sang, what's wrong with you? Why did you open the door of your third uncle's room?" Lin Laojie pushed the wheelchair out of his room and asked when he saw her coming out of her son's room.

"Grandpa, have you seen He'er today?" Lin Caisang took a deep breath and asked Grandpa.
