

Star of Space 408

Chapter 408: Is she treating my father well?

Lin Baiyi nodded quickly and went into the kitchen. After a while, Lu Qiubo came out holding the box. Wingdings:

"Grandma, what are you holding in your hand, your dowry?" Lin Caisang looked at the box in her hand and asked jokingly.

"Go, what's the dowry?"

Lu Qiubo rolled his eyes at his granddaughter angrily.

"My mother's family is very poor. When I married your grandpa, I only wore these clothes and nothing else."

When a girl from the countryside gets married, there is no dowry. The better ones have one or two taels of silver with them. Those who have no money can only make clothes and buy a red headband or something.

"Your father asked me to keep this."

"My dad?"

Lin Caisang's eyes suddenly lit up when she heard that it was her father's.

The previous bad mood because Lin Caihe stole the money and ran away was suddenly wiped away. She was now looking forward to her father coming back soon, but there was really no news at all in the past few years.

"yes."

Lu Qiubo nodded.

"Old woman, why don't I know what the boss asked you to keep?" Lin Laogan asked.

"How dare I let you know about your soft temper? Don't take away the boss's things when you turn around. How can I be worthy of the boss?" Lu Qiubo glared at his old man angrily.

It didn't matter if a few pieces of silver at home were taken away. She didn't care, but if Lin Caihe took the box away, she would definitely get it back.

"Sangsang, this is what your father left for you and Changhong."

She walked to her granddaughter and opened the box.

Lin Caisang took a closer look, "My dear, the things inside are all good. There are golden phoenix hairpins, jade hairpins, jade pendants, rings, and even the most disdainful silk flowers, all made of pure gold."

There is actually a pair of shoes inlaid with jewels. How much money would these be worth if sold outside?

"Grandma, when did my father become so capable and buy such good things?"

If her father really had that much money, his family wouldn't always be hungry, and he would have to go to the most dangerous place to collect bird's nests and buy Manghuang Mountain as a dowry for her.

"They say it's your father's, but it's not."

When mentioning these things, Lu Qiubo's face became a little embarrassed.

"Um?"

Lin Caisang was confused and looked up at her.

"These were all worn by your father when he rescued your mother. Later, your mother married your father, and she kept the things for herself. After that, your mother gave birth to you and Changhong. Just now, your mother gave birth to you and Changhong. Just leave after the full moon.

When your father found out that your mother had left, he only saw this box on the bed. Your father and I thought at that time, maybe your mother couldn't bear to leave you and Changhong, and left these things just to make it easier for you and your brother. To live a good life. "

From these things, Lin Caisang could imagine that her mother was definitely not an ordinary commoner, either rich or noble.

Can even a wealthy lady carry so many good things with her when she goes out? Something else might be possible, but this pair of shoes with so many gems on them was definitely out of the question.

"Grandma, who is my mother? How does she treat my father?" She hesitated and asked.

In the past, her family never mentioned her mother in front of her and her eldest brother, so she really didn't know anything about her mother. She only knew that she left without saying a word after giving birth to herself and her eldest brother. .

That's what everyone in the village says anyway.
