

Star of Space 412

Chapter 412 Are you treating me like a pig?

"Maybe Grandma made her too anxious." Lin Changfeng glanced at Sanmei and whispered.

"Grandma pushed her too hard? Brother, are you kidding me?" Lin Caiqing laughed angrily after hearing what he said.

"Didn't she push our family to death? She knew that Liu Yushui had evil intentions and didn't want our family to live well, but she had to get together with her. She didn't want to think about it. Liu Yushui had to do it several times for Zhou Liang. I want to harm you."

"Okay, this is all over, there's nothing more to say." Lin Changfeng raised his hand and patted Third Sister's head.

He also wanted to scold Lin Caihe, but everyone had already run away, so it wouldn't make sense to talk about her now? It just makes the people at home feel even heavier.

"Qing'er, remember, you are not allowed to mention your second sister in front of mother. She is pregnant with a baby and is already angry. She should not be too worried."

"I know, I won't mention it in front of mother." Lin Caiqing nodded obediently.

"Tomorrow you and your sister Sang Sang will go to Uncle Jin's house to have a look. He seems to have a few piglets. If they look good, buy them all." Lin Changfeng said again.

"Brother, aren't we spending Sister Sangsang's money again?" Lin Caiqing asked her eldest brother with her eyes widened.

His father doesn't have a single coin in his pocket now, and it was all stolen by his second sister. Buying a piglet at this time must be Sister Sangsang's money.

"is this okay?"

"Silly girl, we are the same family as your sister Sangsang. From now on, we will treat her even better. Go buy a piglet. Mom will be happy when she sees it. Lin Changfeng said with a smile.

If he cares too deeply at this time, it will hurt the hearts of the whole family.

"oh."

Lin Caiqing responded.

...

Lin Caihe ran away, but life at home had to go on as usual.

The next day, when Lin Caisang gave the money and Lin Caiqing followed her mother to Uncle Jin's house, she heard everyone comforting her mother and everyone knew that her second sister had stolen all the valuable belongings in the family and ran away.

Yang Lin walked over and couldn't say anything. He could only greet them with a smile and left in a hurry.

Lin Caisang continued to pick cherries in the mountains. The cherry season is short and it is the rainy season, so it is necessary to pick them as soon as possible to make dried fruit jam, etc. Loquats can wait a little longer.

Just when I entered the forest, I saw someone who shouldn't be here.

"Why are you here? Didn't I ask you to rest at home?"

"Are you raising me like a pig?"

Ya Molian asked her angrily.

It is estimated that except when he could not walk, he had never stayed at home for so many days in his life, just because he was afraid that this little girl would find out and be angry with him again.

"I heard about what happened at home."

Hearing this, Lin Caisang lowered his head and said nothing.

After all, such an incident at home is not a glorious thing. If it were Lin Changfeng, or Lin Changhong and Lin Changyi who ran away, the impact on the village would not be so bad.

But it was Lin Caihe who ran away. The girl's family can be so bold, stealing the family's money and running away. In the eyes of outsiders, there is nothing that people from the Lin family can't do, so don't count on their reputation.

What's more, their family still has the matter of Liu Baixiao. Adding Lin Caihe will make things even worse!

"If you run away, just run away. Now that she's gone, the house will be quiet, right?" Ya Molian said again.
