Chapter 419 Stealing my brother's wife

In fact, how could he not know that no matter whether he had settled down with Lin Caihe or not, his parents would find a way for him to live in the old house. It was just a matter of sooner or later.

If his mother was really doing it for his own good, she wouldn't have turned her attention to Lin Caisang as soon as she heard that Lin Caihe had run away, and let Granny Guihua talk about her eldest brother's marriage, not his.

How could he remain indifferent to such obvious differences?

"We are separated, and we have to live in the old house tonight."

Hearing this, Lu Qiubo frowned and couldn't help cursing in his mind that Yaguman's parents were nothing. He turned to look at the woman who was still crying on the ground.

"Gu Manniang, please stop crying here. Even if my He girl runs away, it has nothing to do with you!"

"Why doesn't it matter?"

Yaguman's mother stopped crying when she heard Lu Qiubo's words. She stood up from the ground, pointed at Lu Qiubo's nose with her hands on her hips, and shouted.

"Since this is a marriage agreed by your family, we can't just forget about it. My good daughter-in-law is gone, and you have to compensate me! Lin Caisang must marry my family, Cangman, otherwise..."

"What else do you want?"

Lu Qiubo sneered and interrupted her.

"I would like to ask you, when did I agree to this marriage?"

"you....."

Yaguman's mother paused for a moment and was so angry that she couldn't speak.

Recalling Lu Qiubo's words, her son's marriage to Lin Caihe had not yet been settled, but so what?

"Isn't that what you said? As long as Gu Man separates our family, you will agree to his marriage to Lin Caihe. Do you want to talk without counting? If you dare to talk without counting, be careful if you give birth to a son with no eyes or buttocks!"

"laugh."

Lu Qiubo was really amused by her words.

"Don't worry, at my age, I have a lot of grandchildren and I can't give birth to a son, so I really don't have to worry."

"you--"

"Besides, you just said that what I agree with is the marriage between Gu Man and He Yatou. Since Gu Man has been separated from your family, who he gets engaged to has much to do with you, doesn't it?"

Seeing that she was speechless, Lu Qiubo continued.

"I...why doesn't it matter? Gu Man is not my son? Why can't I control his marriage?" Yagu Man's mother yelled at Lu Qiubo unconvinced.

"Since it's Yaguman's marriage, what does it have to do with Yacangman?" Lu Qiubo asked her again.

"this....."

"What's the matter, do you Ya family members like your elder brother to steal his younger brother's wife?" Lu Qiubo chuckled, looked at Ya Guman's mother pointedly, and asked softly.

"you--"

At this time, Yagu Man's mother was really aged several years by Lu Qiubo's words, and there was no color on her face.

Of course, the reason why she married Yaguman's father was because she liked Yaguman's father who was well-spoken and handsome.

In fact, the person who proposed marriage to her back then wanted to propose marriage to Yagu Man's brother-in-law, but Yagu Man's father got in the way, so she married Yagu Man's father, and she was pregnant. Married into Yacun.

Although no one mentioned this incident now, she remembered it clearly in her heart.

"What are you doing? Shut up!"

Lu Qiubo glared at her, then turned to look at Ya Guman with a soft expression.

"Gu Man, have you heard about it? Girl He stole something from home and ran away yesterday. What do you think we should do about this?"
