

Star of Space 420

Chapter 420 Yes, it's you!

"I....."

Yaguman opened his mouth, not knowing what to say.

Ask him what to do, how could he know? Do you want him to say that in fact, he never fell in love with Lin Caihe from the beginning, but his mother wanted to get him engaged before he could separate and live alone. He wanted to settle the marriage first Like this.

He had thought before that it would be great if Lin Caihe's temperament could change for the better.

But now...

Everyone ran away, what else could he say?

"Grandma Qiubo, how about... let's just forget about this marriage?" Anyway, he had already separated and was single, so it didn't matter much whether he was engaged or not.

He added in his heart.

"How could you forget it!"

He wanted to forget it, but how could his mother give up?

"Yagu is full of idiots. Is it easy for your elder brother to find a wife? You have no place to speak here, so go away and stay!"

"Mom, this is my marriage, what does it have to do with eldest brother?"

Yagu frowned and looked at his mother beside him who was twisting his arm hard to vent her anger.

"Why doesn't it matter?"

Yaguman's mother gritted her teeth and glared at this wooden son with hatred, then turned to look at Lu Qiubo with an even more vicious gaze.

"Aunt Qiubo, let me tell you, we are not done with this matter today. My son has also given up. Your family must have a daughter-in-law with me. If you are reluctant to let Lin Caisang marry my family Cangman, then it is simple. Let your family's youth This girl is engaged to my family, Guman, and that's it!"

She put her hands on her hips and looked proudly at Lin Caiqing beside Lin Changfeng.

Humph, Lin Caiqing is only eleven years old. The little girl is just like a little flower. She likes to see handsome young men at her age. How could she like her son, who has a face full of scars and a missing hand?

Therefore, Lin Caisang had to marry even if she didn't want to.

"me?"

Suddenly hearing her name being called, Lin Caiqing raised her hand in confusion and pointed to the tip of her nose.

Why is it so easy to talk about her?

"Yes, it's you!"

When Yaguman's mother saw Lin Caiqing's dumbfounded look, she thought she was frightened and felt even more proud.

"Gu Manniang, you..."

Yang Lin was furious when he heard her words. Her young girl was only eleven years old. How could she be old enough to get engaged?

Besides, how could she agree to the marriage under such circumstances?

"mother....."

Yatani Mitsuru was also frightened by his mother. He couldn't believe that his mother would say such a thing.

At the same time, he also secretly glanced at Lin Caiqing, and out of the corner of his eye, he caught the angry eyes of everyone in the Lin family staring at his mother, and his face suddenly turned red with embarrassment.

"What the fuck? Shut up!"

Yaguman's mother glared at him, slightly raised the corners of her mouth and spoke proudly.

"Aunt Qiubo, I have taken a step back. Either marry Lin Caihe to my family, Cangman, or get engaged to Lin Caiqing and Yaguman. Anyway, you have to choose one of the two, choose it yourself."

"Mom, how could you do this!" Yaguman was really angry.

Is this still his mother? How could such a thing be done? Wasn't this deliberately putting Grandma Qiubo on the fire?

Two granddaughters, I can't choose either one!

"Gu Manniang, you..."

Lu Qiubo took a deep breath. She had never seen such a shameless woman!

"How's it going? Aunt Qiubo, have you already made up your mind to marry Lin Caisang to my family, Cangmanman?" Yaguman's mother turned red with anger when she saw Lu Qiubo, but she laughed in her heart.
