

Star of Space 426

Chapter 426 The appearance of holding a diaper

"real?"

Hearing Lin Caisang's words, Lin Caiqing's eyes flashed, as if two candles were burning. He reached out and grabbed Lin Caisang's arm and spoke nervously.

"Sister Sangsang, can Brother Guman's hand really be cured? How can it be cured?"

Lin Caisang: "..."

She felt that she didn't need to persuade this sister at all, seeing that her heart and eyes were full of Yaguman.

She didn't understand this person. When did this girl start to fall in love with Shangya Guman? How come she doesn't know anything about it? Fortunately, she still felt that Lin Caiqing was always following her.

"Qing'er, you are only eleven years old now, far from the age to get engaged, so there is no need to worry."

Although she didn't know what to say, she still advised her.

"I'm not in a hurry."

Lin Caiqing nodded, feeling that Sister Sang Sang was right.

"Sister Sang Sang, we won't get married immediately after the marriage is decided. I can afford to wait."

"But Yaguman can't afford to wait. He is already seventeen this year. If he waits four more years, he will be twenty-one." Lin Caisang said angrily.

"Brother Mo Lian is already twenty now. If you wait two years and you will be twenty-two, he won't be in a hurry." Lin Caiqing replied to her.

Lin Caisang: "!!!"

There's no one in her family who doesn't know Ya Molian's thoughts, right?

Even this little girl knows it!

"Sister Sang Sang, are Brother Guman really worried? Why don't you let Grandma ask, or let my father ask?" Before she could say anything, she heard Lin Caiqing speak to her again.

After hearing her words, what else could Lin Caisang say?

"If you really think about it, let grandma ask. But Qing'er, you have to think clearly. This is a major event in your life, but you can't be careless. I still suggest that you think about it for a few more days and don't do it so quickly. Make a decision."

"Um."

Lin Caiqing naturally listened to her and nodded calmly.

"Then I'll think about it."

"Think about it carefully." Lin Caisang said again.

"good."

Lin Caiqing nodded again.

"Actually, Sister Sangsang, I'm really worried."

"What are you worried about?" Lin Caisang was curious.

As far as she knows, this girl is not even afraid of the Yazhu family and can fight back directly. What else can she be afraid of?

"You said Brother Guman is six years older than me. Did he see me crying in diapers when I was a child? Will he still remember it? Then what should I do in the future? How to meet him?"

Thinking of this possibility, Lin Caiqing felt like crying.

Lin Caisang: "???"

Has Ya Molian ever seen her wearing a diaper? There should be some, right?

Because when he first arrived in Yacun, his adoptive father Yatu often threw him into the woods and let him hunt alone. Then when her father saw him in the woods, he would take him home to take care of him. It was around that time that she and her oldest brother were born.

Has Ya Mo Lian seen her in her infancy?

"What are you thinking about? What's there to think about?"

When she came to her senses, she glared at Lin Caiqing angrily, and lo and behold, she had been led astray.

"You go to school. Even if you want to get engaged, you have to learn all the Chinese characters from me. I still have to go to Menghuang Mountain." She said.

"oh."

Lin Caiqing nodded and left obediently.

...

In Lin Baiyi's room, Yang Lin was looking at the fabric in his hand bitterly.

The fabrics were originally bought for her eldest daughter to make clothes, but before the clothes were made, they had already run away, and now her second daughter is also implicated.
