

Star of Space 437

Chapter 437 I'll give you this Qi Garden

"Just arrived.

Ya Molian responded lightly.

"Why didn't you wake me up in the carriage?"

Lin Caisang saw that his body was all wet, and her beautiful eyebrows suddenly wrinkled.

"Look at how wet you are. You promised me to take good care of you just now, but now you don't keep your word."

But it was her fault, why she was so fast asleep, she didn't even feel him carrying her into the house. She immediately sat up from the bed and pulled him to sit down. She took out a piece of cloth from the golden bead space and covered it with He tested the rain on his hair.

"Seeing that you were sleeping deeply, I thought of letting you sleep a little longer."

Ya Molian followed her actions and thought for a moment before turning around and looking at him. 6

"Sang'er, I'll give you this Qi Garden," he said.

"ah?"

Lin Caisang was stunned by his words.

Why is it so easy that he brings the topic to Qi Yuan? Is this topic a little too far?

"Why are you giving me Qi Yuan? I don't want to live here." She chuckled and asked him.

"To renovate Qiyuan, you can build several drying rooms in the backyard. You can buy the manpower from the tooth shop. You don't have to do everything yourself. It's too tiring."

Ya Molian had her own ideas and said.

It was his suggestion that she open the shop, but he didn't want her to make him so tired and busy.

"I'm not tired, I've just been busy for a few days.

Lin Caisang continued to test him while refuting his words with a smile.

She has been so busy recently because she has been doing everything at the same time. In fact, she feels that she is quite leisurely.

"Don't you still have to take on the task? Now you have to make dried fruits. Since Zhong You has accepted you as his teacher, you have no reason not to teach him. There are so many things on Menghuang Mountain, how can you be busy?"

Ya Molian listed everything she had to do one by one.

Lin Caisang: "..."

It was okay if he didn't remind me, but when I did, I suddenly found that I really had a lot to do.

"Even if we need to recruit manpower and space, we shouldn't do it in Ye County. It's too far here and it's inconvenient to go back and forth," she said.

Ye County is indeed too far away from Yacun. If it is Qianlin County, it is not far away.

"Then it's in Qianlin County."

As soon as she thought of it, Ya Molian spoke.

"Qianlin County is densely wooded and there are many places where you can pick wild fruits. It is a good choice. Just like Manghuang Mountain, you can buy a piece of forest, build a farm, and buy some people to do the work."

"this....."

Listening to what he said, it was impossible not to be tempted. Of course she wanted to do the same.

"Brother Melian, do you think I should open the shop bigger?"

If she really bought a piece of forest and built a farm, she would definitely not be able to open just one shop. In that case, it would become a chain store.

"is it not OK?"

Ya Molian looked at her and asked.

"If you want to do it, then do it big. If it's just a small fuss, then you might as well not do it. In fact, you have an idea in your heart early on, right?"

"Well."

Lin Caisang choked at his words and couldn't help puffing out her cheeks.

"You know it all."

"Can I not understand you?"

Ya Molian raised her hand and tapped the tip of her nose.

"The ambition is greater than mine. What do you want to do?" he asked.

"I haven't thought about the details yet. I just thought that the thousands of acres of fertile land in Jian'an City will soon be in my hands, so I'll start with it."

Lin Caisang said.
