

Star of Space 439

Chapter 439: Is this place for sale?

"Miss Lin, this building is a large shop used to open a restaurant." He couldn't help but remind him.

Who would use such a big land to open a shop selling dried fruit snacks? You will definitely be scolded as a wasteful person with brain problems, okay?

"I know. If it wasn't a big shop, would I be able to see it?"

Lin Caisang didn't seem to understand the meaning of the banishment words, and nodded as usual.

She is very satisfied with this place. The key is that it has three floors. She can sell dried fruit snacks on the first floor, fruit wine on the second floor, and then on the third floor, she can sell incense and other medicines. , there is room for them all.

"Palace Master..."

Exiled Jue was speechless and silently looked at his palace master, wanting Ya Molian to persuade Lin to pick mulberry.

But it was obvious that Ya Molian didn't even spare a glance to his subordinate, and helped Lin Caisang get out of the carriage anyway.

"Go and have a look."

Banished: "!!!"

He really wanted to dig into the brains of this unscrupulous couple and see what was inside. But he didn't dare. He had to open the umbrella obediently and follow the two masters who were about to get off the carriage.

In fact, he was already bursting into tears.

...

Someone comes to the door of the closed restaurant, the previous tenant has left, and the subsequent tenant has not yet arrived. For the landlord, this is a great event, and it proves that his house can generate income again.

After receiving the news, the owner of the restaurant rushed over immediately, nodding and bowing to Ya Molian and Lin Caisang.

"Sir, don't forget that my restaurant has closed down and the furnishings here are a bit old. But as long as I repaint the paint and replace some furniture, it will definitely be a place where I can make a lot of money." Son."

He kept introducing his house to Ya Molian.

"Look at the street outside, it's the busiest place in Ye County, and look at the restaurants and shops next to it, they're so lively. Just like my restaurant, you can't find it anywhere else.

And the rent is not expensive, only one hundred taels a month..."

After listening to his words, Ya Molian just glanced at him lightly and then looked at Lin Caisang.

"Boss, are you selling this place?"

Lin Caisang glanced at the homeowner and asked.

They wandered from the first floor to the third floor, then back again, and stood on the ground again. She never saw the homeowner's mouth stop, and she really admired him.

"Sell?"

The homeowner was stunned after hearing what she said.

"Girl, do you want to buy this restaurant?"

He thought they were just here to rent this building for business, but he didn't expect that they were generous and wanted to buy it directly?

Before this restaurant came into his hands, it had changed hands several times. Everyone thought that he could open a restaurant and do business. Even if he couldn't make a lot of money, at least he wouldn't lose money.

But who would have thought that there are so many restaurants nearby, and they all have good reputations and have been open for a long time. Their new restaurant can't compete with them.

What can he do? Of course he wants to make a move quickly.

"This... girl, the location of my restaurant is very good. If you want to buy it, the price..."

Naturally, he couldn't show that eagerness. He had to whet people's appetites and make them pay more, right? Yes or no?

"You take a look at the price first. If I think it's suitable, I'll buy it," Lin Caisang said.

The banishment on the side: "..."

Miss Lin really wants to buy this restaurant? Is this because there is too much money and no room to spend it?
