

Star of Space 445

Chapter 445 Have you deceived enough?

...

Soon, Ya Molian and Lin Caisang stayed in an inn, while Exile Jue was sent by Ya Molian to pick up Zhong You.

"Brother Mo Lian..."

"The rain has stopped now. Let's go outside later and find a better shop." Lin Caisang was about to ask him what he was doing when he stopped in Qianlin County when he heard him talking to him.

"Looking for a shop?" Lin Caisang was a little stunned.

She had found a shop in Ye County to open a snack shop, but what about Ya Molian, he wanted to open a shop?

Are you kidding? Just what she knows is enough for Yamo Lian to spend her whole life on food and drink. Why does she need to open a shop to have fun for herself?

"Um.

Ya Molian nodded.

Seeing the confusion on her face, he chuckled lightly, raised his hand and tapped the tip of her nose.

"Sang'er, do you want your family to know that you bought a restaurant in Ye County with 3,800 taels to open a shop?" He raised his eyebrows and asked Lin Caisang.

"Well."

Lin Caisang choked on his words.

She really hadn't thought about this issue. She just thought that the restaurant was very suitable for her idea. If it was done well, the effect would be very good, and the business would explode.

Because the business she was doing had no business overlap with the restaurant on that street.

It can even be said that if she wanted to, she could cooperate with those restaurants to sell her dried fruits, fruit wine, etc., and everyone could make money together.

However, she has never thought about how frightened her grandpa and grandma would be if they found out that she actually bought a restaurant in Ye County. Will they faint from the fright?

"What should we do?"

She touched the tip of her nose and asked him.

Whether in Ye County or Qianlin County, in the hearts of grandpa and grandma, it was impossible for her to buy a shop.

"It's very simple. Buy a shop in Qianlin County, and then make a random receipt to tell your grandma that you rented the shop. That's it." Ya Molian gave her an idea.

"ah?"

Lin Caisang opened her mouth slightly and looked at him blankly.

Is there still such a method of operation? However, this seemed to be the only feasible way, otherwise, she really didn't know what to do.

"That's not a lie, I..."

"Um?"

Ya Molian interrupted her and looked at the little girl in front of her with a pouty mouth.

That look seemed to say: Sonny, have you lied enough?

Lin Caisang felt guilty for a while and lowered his head silently, "Okay, that's it."

It has to be said that Ya Mo Lian has thought very carefully for her. She also understands that the same method will definitely not work if it is replaced by a restaurant in Ye County. Grandpa and Grandma will not believe what she has done. With so much money, we can rent such a big restaurant.

After a while, the two went out.

However, after walking around the county, I couldn't find any store ready to sell them, so I could only come back in frustration.

"Qianlin County is different from Ye County. There are many mountains and forests here, and there are many people doing business in forest wild goods, medicinal materials, etc. If there are more merchants, the business will also increase. It is really hard to find shops."

Seeing the little girl pulling her little head and looking disappointed, Ya Molian comforted her.

"When he comes back from banishment, let him find out more about it first, and then we can go and see it."

"Well, that's all."

Lin Caisang nodded, finding a shop in Qianlin County still depends on chance.
