Chapter 446: Crowded

"It's just that right now...it seems like there's nothing to do.

I'm waiting for Ban Jue to come back to inquire about the shop, but Ban Jue has gone to pick up Zhong You. He won't be back for a while, and even if he comes back, he won't be able to find the shop at once, so he has to inquire slowly. ah.

Suddenly, her eyes lit up and she looked at Ya Molian.

"Brother Mo Lian, there's nothing going on. How about we go to Jian'an City?" she suggested.

The eldest princess happened to have a visit, and it was almost time. She had to slightly change the prescription she prescribed last time.

"Going to Jian'an?"

Ya Molian looked sideways at her and asked.

"Well, it's time to make some changes to the prescription I prescribed for the eldest princess. Besides, I seem to have forgotten something very important." Lin Caisang nodded.

She also suddenly remembered that she had completely forgotten the disfigured Zeng Yulang.

But she can't be blamed for this. She was injured before, and then Yamolian was poisoned again, which almost scared her soul out. Naturally, she didn't think about Zeng Yulang.

But now that I think about it, it's not too late, right?

"What's the matter?"

Yamollian asked her.

"Let's go, let's go and you'll know."

Lin Caisang didn't say anything, just pulled him away.

...

In Jian'an City, the door of Zeng Yulang's house was surrounded by people.

Old man Zeng was lying beside his door, peeking out from the crack of the door. After just one glance, he was so frightened that he hurried back to the yard.

"Yu Lang, what do you think these people want to do? What's the use of surrounding our house like this?" He said to his son sitting on the stone bench with a sad face.

Now their Zeng family is quite famous. All the high-ranking butlers, guards, maids, and maids are waiting outside the door. They wait every day when the rooster crows, until there is no one left on the street. They just left.

When Zeng Yulang heard his father's words, he glanced at him lightly and shook his head.

"What do you mean, you didn't cause this yourself?"

If only his father hadn't shown off his disfigured face every day, and the neighbors had indeed seen that the scars on his face had faded a lot, this would have spread from ten to ten, those There is someone with a scar or something in their house, so why is their house surrounded by water every day?

"This...how did I know it would be like this?"

Old man Zeng's face turned red when his son said it, and he was extremely embarrassed.

His son's face was saved, wouldn't he be happy? When he is happy in his heart, he wants to say it outside and let others say congratulations in his ears. Is this wrong?

"Are you hungry? Let me cook some noodles for you? I still have some bacon shreds at home. How about cooking some salted vegetable shredded pork noodles?" he asked.

"Um."

Zeng Yulang nodded.

What can they do now? There are so many people waiting around for the girl. They don't even dare to go out to buy groceries. They are afraid that these people will break into their house and ask questions.

Moreover, those people are all powerful, and no one can be offended by them.

"Dad, when they leave later, you can ask Uncle Yin next door to buy some groceries for us. At worst, we can just pick them up the next night." He suggested.

How many days has it been since he had fresh vegetables? It made him want to open a piece of land in his backyard and grow some vegetables to eat, but it didn't work. He hadn't bought the vegetable seeds yet.

"well."

Old man Zeng responded repeatedly.
