

Star of Space 454

Chapter 454 Guessed it right away

"Okay, okay, I'll go tell you right now."

Zeng Yulang nodded quickly and went to his room to get paper and ink.

Lin Caisang and Ya Molian naturally wanted to leave openly through the main entrance. When Old Man Zeng sent them out, he was so frightened by the wolf-like eyes of the people outside that his hands and feet almost went weak.

But those people just stood there one by one. No one dared to pounce on Lin Caisang, or even say a word.

There is no way, who let Lin Caisang be protected by Ya Molian in his arms? This handsome man's face does not look scary at all, but the icy coldness on his body can literally freeze them. It's ice cubes.

Anyone who dares to go up at this time is stupid.

In the end, those people could only watch Lin Caisang and Ya Molian walk away, they didn't even dare to fart.

...

The eldest princess's mansion.

Although the affairs at hand are busy, the eldest prince will definitely come to the eldest princess's mansion every day to see his biological aunt. The second prince seems to have plans to stay in the eldest princess's mansion for a long time and has never left.

Because her body had recovered a lot, the eldest princess returned to her dilapidated house and was sitting in the small yard basking in the sun.

"Aunt, my father can be relieved to see your recovery." The prince saw that his aunt had a smile on her face again, and he let out a sigh of relief.

"My father is not the only one who is relieved. My mother has summoned me to the palace every day these days. Auntie, I am being scolded by my mother every day." The second prince muttered, with a look of helplessness on his face.

If he had known that the girl was so powerful, how could he not take her seriously? Now he wouldn't have been scolded by his father and mother in turn until he was really bloody.

"I heard from Aunt Bai that there are a lot of people staring outside the house recently. Why?" The eldest princess looked at them with a smile and asked.

Although she had been poisoned for a long time and had been tortured to the point where she was no longer human, she still recovered a little after a few days of recuperation. A simple smile almost blinded the two brothers.

"I finally saw my aunt smile." The second prince also smiled.

This aunt of his, naturally, he hadn't seen her smile a few times since she reconciled with her consort. Even if she had a smile on her face, it made him shudder. It wasn't a real smile.

"I don't need to pay attention to those people. They don't dare to do anything excessive."

"Um?"

Hearing this, the smile on the eldest princess's face dropped and she looked at the eldest prince.

"Second brother, what are you talking about?"

The eldest prince secretly screamed something bad and glared at his second brother.

"Well."

The second uncle also knew that he had said the wrong thing. He felt guilty in his eyes and pursed his lips, not daring to say anything more.

Seeing the two brothers like this, how could the eldest princess not guess.

"Are those people here to wait for the young lady?"

"this....."

The eldest prince paused for a moment before glaring at his second brother again.

Their aunt is so smart, how could she not think of this? Look, she guessed it right at once.

"Auntie, it's like this. Those people came because of the name of the doctor's girl. After they came, I also ordered people to inquire carefully, and then I found out that the doctor's girl met before the emperor's list was unveiled. He came to a scholar who had just disfigured his face and gave him medicine. Now the scars on his face have improved. "

"I see."

After hearing the explanation, the eldest princess understood.
