

Star of Space 459

Chapter 459 People with great abilities also have a great temper

She looked at the great prince with an apologetic look.

"Girl, where are you?"

The eldest prince smiled, and after thinking for a while, he tentatively spoke to Lin Caisang.

"Girl, do you want to settle down in Jian'an City?"

If such a talented person with extraordinary medical skills could live in Jian'an City, he would be able to gain a foothold in Jian'an City even without being a guest in any mansion.

"No."

Lin Caisang shook his head.

"I don't want to settle in Jian'an, but Jian'an is the capital of the country after all. I will occasionally come here a few times in the future, thinking that even if I want to come, I will always have a place to stay in the future.

How could she settle in Jian'an City? This is a big joke.

"I see."

There was a hint of disappointment in the prince's tone, but thinking about it, he felt it was normal.

"Then... miss, please talk to my aunt for a while. I will come back when I go."

He stood up, turned and left.

...

In front of Zeng Yulang's house.

Seeing those people scrambling to tell him the name of their master, in fact, with so many people talking at the same time, he couldn't even hear a single person's words clearly, and it made his head feel bigger.

.

He let out a sigh of relief and raised his hand to rub his eyebrows. He felt deeply that these people were really crazy.

But looking back and thinking about it, he felt that that was the case. When his face was ruined, he also felt that the sky above his head had collapsed.

Although I don't think of dying, I give up on myself and it's no different than death.

"Please line up, please?"

He patiently shouted to the group of people in front of him.

"Queue up, why do you have to queue up? You can just write down my adults' names. Let me tell you..."

"I came first. What did you say? Hey, hurry up. My Marquis is not someone to be trifled with. Hurry up and write down his name. He..."

"Go away, go away, you are nothing, let me first..."

"enough!"

He originally wanted to be polite to them, but unexpectedly, they regarded his politeness as a blessing.

What do you want each of them to do? Do you think he is easy to bully, or do you think the doctor's girl is easy to get along with? Believe it or not, he just told them to get lost.

"The doctor's girl said that if you are easy to talk to, then she will heal your master's family. If not, you can go back to where you came from. She is not here to be angry with you."

When everyone heard his words, they immediately became quiet and stared at Zeng Yulang with angry eyes.

"It's useless for you to stare at me. I'm just following the instructions of the doctor's girl. If you people's families haven't been registered before she comes, she said that she doesn't have that much effort, so she won't heal anyone. "

Zeng Yulang looked at them and said to them with helplessness on his face.

"Yes, yes, I can testify."

Old man Zeng hurriedly came forward to echo his son's words.

If the situation continues as before, I'm afraid these people will still be here at night. If Lin Caisang comes back and sees these people still there, there's a chance that no one will be treated.

This is not true at all.

"The doctor's daughter has cured even the eldest princess. Her medical skills are amazing. People with great abilities also have big tempers. The doctor's daughter has a bad temper. We don't dare to offend her. If you really If you provoke her and she rejects you, it will be difficult for you to explain it in front of your master. "

He said to those people.
