

Star of Space 476

Chapter 476 We can't see anyone anymore

Since Lin Caisang had just said that they couldn't find what she needed, it was definitely not a lie.

Now she gave him all the things he needed to prepare, just to deliberately embarrass him. He knew very well that even if he was given a day, let alone an hour, he would not be able to find these things. .

"Ms. Langzhong, I..."

"What is it, General, I will prepare it immediately."

Before Zhi Ling Yang could speak, Jin Lele, who was shrinking behind him, heard Lin Caisang's words and rushed out happily, taking the paper in Lin Caisang's hand into his own.

"let's go."

Seeing that their paintings had been taken away by them, Lin Caisang looked sideways at Ya Molian.

Ya Molian nodded lightly, and the two of them left the room under the stunned looks of Zhi Lingyang and Jin An'an.

At the same time, Jin Lele, who was holding the pieces of paper, looked at the things on the paper and was simply shocked, "General, this... what are these things? I have never seen them before. How can they be there?" Is it such a small dagger?"

Zhi Lingyang pinched his brow with a headache, took the pieces of paper in Jin Lele's hand into his own, and read them carefully.

"Lele, how do you want me to end this?!"

These things all need to be made in an iron shop, and looking at the lines of words above, these knives have such high requirements that they will definitely not be made by anyone other than the Royal Weaponry.

As for the Royal Weapons Institute, they can do whatever they want. Even if they are given a month, let alone an hour, they may not be able to get it.

"What should I do?"

Jin Lele was also anxious, spinning around in circles like an ant on a hot pot.

"Sister, it's all my fault. I shouldn't be so anxious. What should I do now?"

"Don't worry. I don't think that girl is a heartless person. When she comes later, we will discuss it with her. She may not care about this with you."

Jin Anan comforted Jin Lele.

The girl she just saw had kindness in her eyebrows and kind words in her words, but she was forced by Lele later to make things difficult for them.

If she begs later, the girl will definitely relent.

"An'an, you think too simply." Zhi Lingyang glanced at Jin An'an.

Although he didn't want to say it, Lin Caisang would never let go easily after giving them these pieces of paper, because everyone has their own bottom line.

People like Lin Caisang who don't even look down on the royal family will not let others touch their bottom line and retreat again and again.

"General, I'll try again later."

Jin Anan could only comfort them at this moment, which was considered as self-comfort.

"I'm afraid we won't be able to see anyone anymore." Zhi Lingyang sighed and said.

"General, what do you mean?"

Jin Lele looked at her husband in astonishment and asked.

"You mean, she won't come back later? But she clearly said that after an hour..."

"Can you prepare these things?" Zhi Lingyang interrupted her and asked her.

"Well."

Jin Lele choked at his words and blushed immediately.

How could she prepare these things, let alone within an hour, it would be even more impossible.

However, her eyes suddenly lit up and she reached out to grab Zhi Lingyang's arm.
