Chapter 477: What are you doing after eating?

"General, why don't you go to the palace and beg the emperor? As long as he gives orders, will the doctor's girl still disobey? Then even if she is asked to be a doctor in our house, she will only accept the orders.

"enough!"

Zhi Lingyang heard her words and shouted sharply.

"Lele, how long are you going to make trouble? How much dignity do you think I, the general, have to allow the emperor to issue this decree?"

"You are a general. You have worked for the imperial court for so many years. Isn't it possible that the emperor is not willing to help with this small favor?" Jin Lele was stunned by his yelling at first, but then he muttered unconvincedly.

"you....."

Zhi Lingyang was really angry at her words.

"General, Lele is not sensible, so don't argue with her."

Seeing that Zhi Lingyang was really angry, Jin Anan quickly tried to persuade him, then turned to look at Jin Lele.

"Lele, that doctor's girl has medical skills and cured the eldest princess. Her status in the emperor's heart has already surpassed that of many people. Do you think she is still one of those young doctors who can be invited to treat illnesses at any time? This time, she is willing to come to our house to treat my illness to give us face, and she is not trying to curry favor with us. You must understand this. "

"Isn't it?"

Jin Lele blinked.

"Just a little girl, how capable she is."

"Lele!"

Jin Anan frowned, his face even more horrified, and he stared at Jin Lele with wide eyes.

"It's just because of her ability that she can get so many people to come to seek medical treatment. Do you think those people waiting outside Zeng's house just like us just want to ask for a box of medicine? Do you think the eldest princess took you away from her? Why did you rush back from the mansion?"

"For what?" Jin Lele muttered and asked.

"The eldest princess doesn't want to be taken advantage of. In fact, those people asking for medicine are fake, but they are really trying to recruit the doctor's girl." Jin An'an explained.

"And the eldest princess understood better that the emperor also took a fancy to the doctor's girl's medical skills and wanted to recruit her for his own use, so she didn't want to see the doctor's girl being recruited by anyone, so she ordered people to drive you all away. "

"The emperor also wants to recruit her?" Jin Lele was stunned.

"But she didn't enter the palace either. Sister, are you wrong?"

"Then it must be that the doctor's girl was unwilling and rejected the emperor's solicitation." Zhi Lingyang said.

"Why?"

Jin Lele didn't understand why they could be so sure.

"Can't it be that the emperor simply doesn't want to recruit her? In fact, she doesn't have much ability."

"Lele!"

Zhi Lingyang was about to be pissed to death by Jin Lele.

If he hadn't known early on that Jin Lele was a brainless girl, he would have doubted her intentions in saying these words.

"If the emperor didn't want to recruit her, why did he spend so much effort to have the prince buy three acres of fertile land from other houses at a high price for the doctor's girl to choose from? Do you think the emperor is really full? What are you doing?"

"this....."

Jin Lele suddenly understood something.

The doctor's girl seems to be really capable. Didn't she herself wait outside the eldest princess's house for so long?

If she didn't have the ability, why should she wait?

"Then... what should we do now, general, sister, I know I was wrong. I will go and apologize to the doctor girl, okay?"
