

Star of Space 478

Chapter 478 There is no room for people at all

"Where are you going to apologize to them?" Zhi Lingyang asked her angrily.

"They probably haven't left the mansion yet. I'll go find them now." Jin Lele thought that this is the general's mansion. It's not that easy for Lin Caisang and Ya Molian to get out. They must be stopped by the guards in the mansion somewhere. Still sitting.

As he spoke, he wanted to run out, but Jin Anan held his arm.

"Lele, don't go, they left long ago."

She had just seen that the man next to the doctor's girl, not to mention her and Lele, even the general might not be his opponent.

When such people come in and out of their general's mansion, it's like entering a deserted land.

"gone?"

Jin Lele frowned.

"Then I'll wait outside Zeng's house. They will definitely go to Zeng's house again." After thinking about it, she added.

Since this road is blocked, let's go the other way. She went to wait at the door of Zeng's house, right?

"Lele, please stop being nosy." Zhi Lingyang really had a headache when he heard her words.

I really regret that I should not have allowed Jin Lele to urge Lin Caisang. Otherwise, things would not have reached this point. It would have been fine if Jin Anan could not be cured, but now it is clear that he can be cured, but they want Lin An'an to be cured. It's a way of picking mulberry leaves to get angry.

How can this be done?

"Why is this so troublesome?"

Jin Lele said nonchalantly.

"What happened today is my fault, okay? It's all my fault. I'm going to admit my mistake in front of that doctor's girl. If I invite her back, she won't even be tolerant. no?"

Zhi Lingyang: "..."

Listening to Jin Lele's words, you can tell that she is full of dissatisfaction.

With such a temper, would he dare to let her wait in front of Zeng's house? Even if he really wanted to wait for someone, Jin Lele should not go there.

Besides, if they really went to Zeng's house to wait, it would be like forcing Lin Caisang again. He probably didn't wait for the person back, but he didn't have to think about the treatment.

"Don't go out and make that young lady angry again. I'll take your sister to the eldest princess's house and plead in front of the eldest princess. Ask her to say a good word for us."

He thought that Lin Caisang, a girl, had never been in Jian'an City before. Otherwise, with her medical skills, she would have become famous in Jian'an City long ago, so why wait until now.

She came here specifically for the poison on the eldest princess, right? If that's the case, what the eldest princess said should have weight in Lin Caisang's heart, right?

Please ask the eldest princess for help, maybe it can be done.

"Lele, just think it's for your sister's good. Don't mess with that doctor's girl again, let alone go to Zeng's house."

"All right."

Jin Lele was reluctant, but still nodded.

...

It was said that Lin Caisang and Ya Molian left Zhifu and left directly in a carriage, never giving Zhi Lingyang a chance to find him again.

"Sonny, have you gone back?"

In a secluded place, Yamolian opened the curtain and asked Lin Caimulberry inside.

"Um."

Lin Caisang nodded.

"Shall we go back with the carriage? I think this carriage is quite good. When we drive it home, we will treat it as if we bought it. I will definitely need it in the future."

This carriage originally belonged to the prince's palace, so it was naturally made of the best materials and the best horses. Lin Caisang looked at this horse and liked it more and more. He thought if he could raise a few more horses. How wonderful it would be.

"Can."

Yamolian nodded.
