

Star of Space 483

Chapter 483 Something really happened

Lao Liu's heart skipped a beat and he quickly knelt down.

"Chief, how dare my subordinates think like this? The leader is wise and powerful, and he is a popular figure in front of his master. Even if he borrows a hundred courages from his subordinates, he will not dare to disrespect his leader."

He was saying flattering words, but in his heart he was scolding Lao Shi thoroughly.

It was all this bastard Lao Shi who ruined his good deeds. If it hadn't been for him, the leader would have asked him to guard her now, and he would have captured the girl as soon as he saw her.

When the time comes, he will be the first one to capture the person. As long as he has a relationship with the girl while others are not paying attention, the girl will be his from now on.

As long as the girl becomes a powerful person by his master's side, will he not get any benefits?

It's good now, everything is ruined!

"Chief, I think Lao Liu wants to make some noise with the girl. When the time comes, he will use the power of the girl to rise to the sky in front of the master. Lao Shi glanced at Lao Liu coldly and reminded leader.

Anyone with a discerning eye could see what Lao Liu was thinking. He had said inappropriate things in front of her before.

With that look in his eyes, he wished he was the only one among that girl!

"You... Lao Shi, please stop talking nonsense. I have never had such thoughts. I think you are the one who wants to have something with that girl, right?!" Lao Liu was told the central issue, and his face suddenly changed. He turned red with anger, pointed at Lao Shi and started to curse.

"enough!"

The leader looked at Lao Liu's look and knew that Lao Ten's guess was good.

"Lao Liu, you have made such a big mistake. Go and stay in Xiaodi. You are not allowed to come out without my order!"

"What?!"

Lao Liu was frightened by the word "Xiao Di" and froze there.

It wasn't until he was dragged out by two people wearing the same clothes as him that he came to his senses and cried out to the leader to beg for mercy and admit his mistake. But at this time, begging for mercy would only make the leader hate him even more. Where else could there be someone else? What's the use?

"Old Shi, you will be fully responsible for the girl's affairs. You must remember to keep an eye on her!" the leader ordered to Old Shi.

"Yes, chief."

Lao Shi responded respectfully.

"I will send people to keep an eye on the Zeng family and the ten thousand acres of fertile land. I will also send people to keep an eye on the eldest princess's house. I will never let that girl fall under my eyes again. Escape under the bed."

"Okay, you go down."

The leader waved at him.

...

In the inn, the waiter was bringing a table of dishes to the room, said hello to Ya Molian, and then retreated.

Just when the door was closed, Lin Caisang came out.

"The rice is here, it smells so good."

After touching her belly, she looked at the dishes with a smile, but she only saw Ya Molian, and she frowned.

"Have Ban Jue and Zhong You not come back yet? Why have they been gone for so long?"

Zhong You's home is not far from Qianlin County. Logically speaking, he should have returned yesterday. Why hasn't he returned yet? Could something have happened?

"Let's eat first. There is a banishment judge over there, so nothing big will happen." Yamo Lian led her to sit down, added vegetables to her bowl, and then said.

"I hope nothing happens."

Lin Caisang muttered before starting to move his chopsticks.

In fact, something really happened. She and Ya Molian waited in the inn for another long time. It was not until night fell that Zhong You came back with Ban Jue. Zhong You had a haggard look on his face.
