Chapter 484 Mr. Zhong is gone

"What happened?"

Lin Caisang poured a cup of tea for each of them and asked them about their banishment.

"Don't mention it, that eldest son of the Zhong family is really nothing." Ban Jue glanced at Zhong You and cursed softly.

"What's wrong with Zhong Yun?"

Lin Caisang asked with a sharp look in his eyes.

"Mr. Zhong is gone," Ban Jue said.

"What?!"

Not only Lin Caisang, but also Ya Molian was surprised.

After all, I had seen Mrs. Zhong before. Although he was a little older, he was very angry when he shouted at them. How could he just say no and disappear?

"Zhong You, why are you back? How could your grandfather be gone? I saw his face was very rosy before.

"Grandpa heard that Zhong Yun changed Zhongfu to Fufu. In a moment of excitement, he went to ask for help. Fu gave him a hard push and hit him against the wall." Zhong You took a deep breath and explained. .

"In order to cover up for his mother, Zhong Yun found a place to bury my grandfather's body in Fu Mansion. My father and I waited at home for a long time and couldn't find my grandfather, so we went to look for him. If the banished brother hadn't come to look for me, I don't even know what to do.

Finally, he reported it to the official, and his grandfather's body was dug up in Fu Mansion. Zhong Yun and Fu were also arrested. "

"Then why are you back at this time?" Lin Caisang asked him, frowning.

His grandfather is gone. Shouldn't he be at home wearing sackcloth and mourning and sending the old man to his funeral? How can he leave at this time?

"I thought you were going back to the village. I will always show my face in front of Grandpa Lin and Grandma Lu. I will come back after they see me. My father also means the same. I can't embarrass you anymore."

Zhong You said softly.

Originally, he stayed at Master's house in the name of losing his memory. If he didn't go back with her this time, Grandpa Lin and the others would definitely be suspicious, right?

"What's there? I want to buy a shop in Qianlin County. When the time comes, I will tell my grandpa and grandma that I will let you stay here and help me tidy up the shop. Then I can directly bring the goods over and choose a shop. It's a good day to open, that's it."

Lin Caisang came up with an idea.

"Exiled Jue, you have to work hard again to send Zhong You back."

"Yes, Miss Lin." Ban Jue responded.

This couldn't be better. He didn't agree with letting Zhong You come back before, but it was easy for Zhong You to say it. On the contrary, Mr. Zhong wanted to let Zhong You come back first no matter what.

He couldn't defeat Mr. Zhong, so he could only bring Zhong You back first.

"Let's see, Zhong You, you rest here for the night and go back early tomorrow morning. If you don't rest if you look like this, you might collapse if the wind blows." Lin Caisang looked at Zhong You's appearance. , suggested with a frown.

"Thank you, Master."

Zhong You thanked him and was forced by Lin Caisang to eat a bowl of rice and then went to sleep in the guest room opened by Ban Jue.

"Exiled Jue, go and light this incense in Zhong You's room, it will help him sleep more peacefully." Lin Caisang took out a plate of soothing incense from the small bag, and handed it to Exiled Jue.

"Yes." Ban Jue took the Anshen Incense and left.

"call."

When only she and Ya Molian were left in the room, she sighed softly.

"Brother Mo Lian, is there such a terrible thing in everyone's house? Look at those things, what are they?"

"It's in the past."

Ya Molian comforted her.

Knowing that she was through Zhong You, she thought of Lin Caihe.
