

Star of Space 491

Chapter 491 How did you find it?

"Tomorrow, I'll go to the county magistrate first and ask how much cheaper this land can be for you. Miss Lin, just come over with the money tomorrow morning, up to 10,000 taels. We'll pay the money with one hand and the land deed with the other. .

"good."

Lin Caisang nodded heartily.

...

"Sonny, the water level here is indeed a bit high. Are you sure you want to buy these lands?"

The officials had already left first. Lin Caisang and Ya Molian stayed behind and walked on the water to the river. Ya Molian looked at the water level and turned to ask Lin Caisang who was not far away.

"It's OK, haven't we already agreed?"

Lin Caisang looked at him, nodded, and said with a very certain tone.

Wouldn't it be bad for her to regret what she had already agreed upon? Besides, it was really nice here, and she was very satisfied with it.

"It doesn't matter if you say yes or not. If you don't like it here, let's buy somewhere else." Seeing her say this, Ya Molian thought that she didn't dare to go back on her word because she had already agreed, so she persuaded her.

"I like this place very much, Brother Mo Lian, don't think this place is bad, clean it up when the time comes. I guarantee it will be better than the ten thousand acres of fertile land outside Jian'an City."

Seeing his cautious look, Lin Caisang chuckled and said.

"Can we stop the water from flowing into the fields if we clean it up again?" Ya Molian asked.

"It's impossible to block it, but you can think of other ways."

Lin Caisang raised his eyebrows and gave him a mysterious smile.

"You will know when I draw out the pictures of the improvement here in the next few days. I just want to improve this place, but I don't have anyone in my hands."

At this point, she was in a dilemma.

"Just go to Yahang to buy some people and come back." Ya Molian suggested.

He also knew that he shouldn't just call people from his side every time something happened, but that Sonny should have her own people on hand.

"Buy some more servants and let Jiang Li take them back for training first. When the yard here is built, let them come here to work. As for building the yard, you can naturally find people in the county."

"Um."

Lin Caisang felt the same way.

Not only here, but also at Baiwei Snacks in Ye County, manpower is needed. We can't really transfer manpower from Qiyuan all the time.

"Then let's go back first and see if Ban Jue comes back with good news for me."

She took Ya Molian and prepared to go back to the inn.

...

Ban Jue's work efficiency is indeed very high. He quickly found several shops for Lin Caimulberry to choose from, and they were not for rent, but for sale.

"How did you find it?"

Lin Caisang looked at him in surprise and asked.

"Miss Lin, just go to the tooth shop and ask about these things." Ban Jue looked at her and replied.

But even though he looked calm and responded neatly, he was also frightened by his palace master and Lin Caisang.

He just walked around outside and did some errands. Miss Lin actually bought more than 3,000 acres of land in one go. Can she pay the money and get the land title tomorrow morning?

He really wanted to ask the Palace Master: Palace Master, is it really okay for you to pamper Miss Lin so much and let her spend a lot of money everywhere?

The key is, he knows exactly how much money his palace master has, and he doesn't see how much he spends on Miss Lin. Where does this Miss Lin get so much money? Is it really that profitable to sell medicinal materials?
