

Star of Space 495

Chapter 495 She is not a Bodhisattva either

"Dear guest, are you okay?"

Seeing that they all calmed down, Mrs. Ya looked at Lin Caisang with an apologetic look.

"I'm really sorry. It's my fault that I didn't say hello to you in advance."

"It's okay no problem."

Lin Caisang shook his head, with a look on his face.

"What's going on with these people? Have they been imprisoned for too long? Are there any problems?"

If she really bought such a person back, how would he be able to work in the future? Should he buy him back to take care of her fields, or let her take care of theirs? She couldn't help but murmur in her heart.

"No, no."

When Yabozi heard her words, she quickly shook her head.

"Don't worry, distinguished guest, there is nothing wrong with their health. It's just that they have been locked up for a long time and their tempers have been worn out. They are only thinking about finding a master to buy them back so that they can have hot food to eat."

"Can't they even get a hot meal here?" Lin Caisang asked nervously.

"This... distinguished guest, it's not the mother-in-law who has the final say here. We will do whatever the boss says, hehe, hehe." Mrs. Ya smiled uncomfortably.

After being sold to a dental shop, where can I get any hot food? It would be nice to have multi-grain steamed buns with a little pickles. You have to be able to grab them. If you are weak, you won't be able to grab them. , then you have to go hungry.

But she won't tell the distinguished guests this.

"Exiled."

Ya Molian called out the banjue beside her.

Ban Jue responded immediately, came to Ya Po's side, and said to Ya Po, "Ya Po, please open the door to the room so that I can go in and pick someone."

"Open the door?!"

Yapo was frightened when she heard what he said.

There were only three distinguished guests beside her at the moment. If the door was opened and those people rushed out like crazy, she would probably die without knowing how.

"Okay, okay, distinguished guests, please wait. I'll call some thugs to watch."

He did not refute her words and motioned for her to go back quickly.

Soon, Lin Caisang saw a dozen thugs walking over with Yabozi, each of them holding a long knife in their hand! Staring fiercely at the people in the room.

When those people saw the thugs, they were even more frightened. They huddled in the corner and squatted, not even daring to look at them.

Mrs. Ya went over, opened the door, and walked in.

"Miss Lin, is there anyone you like?" In the room, he looked at Lin Caisang and asked her first.

Hearing this, Lin Caisang frowned and muttered in his heart: She didn't take notice of any of them, what should I do?

"You can just pick ten if you look at some strong people."

Each one of them looks like a lunatic. Now, no matter how she chooses, they all look the same, there is no difference.

Now her only request was not to pick the sick ones back, but instead she was asked to treat them, and then feed them with medicine every day and provide them with supplies.

After all, she is not a Bodhisattva.

"good."

Ban Jue responded and looked at those people.

After a while, all ten people were brought out, and Mrs. Ya immediately closed the door.

After leaving all the people in the hands of the thugs, Mrs. Ya took them to pick out girls. She also agreed to Lin Caisang's request. She didn't need anyone too young, just a woman around thirty years old.

"These women look quite clean."
