

Star of Space 496

Chapter 496 Just be honest

When he came to the other two side-by-side rooms and looked at the people inside, Lin Caisang said something.

"Dear guest, how can women be the same as men? Give them a hundred courages and they won't dare to cause trouble, otherwise... we thugs are not vegetarians."

Yabozi glanced at the thugs and said pointedly.

The thugs here are supported by the boss. In addition to getting money every month, they naturally also have some other benefits.

"For example, if some women are disobedient, the boss will send a few thugs over to 'clean up' the troublemaking women in front of all the women.

In this way, other women would not dare to cause trouble, and they would be extremely obedient.

"Look at people."

When Ya Molian heard what Mrs. Ya said, her face turned cold and she uttered two words in a cold voice.

"Yes, yes, look at my mouth, I'm really trembling." Yabozi realized that she had said something wrong, so she quickly raised her hand and slapped her mouth a few times, apologizing to Ya Molian.

"Huh? What's wrong?"

Lin Caisang was beside him and felt something was wrong in his aura. She looked at him doubtfully and asked.

What's going on? Why does she always feel that he is inexplicably angry recently? Did this bitch say something wrong? no?

When someone makes trouble, the boss of Yahang sends thugs to calm things down. Isn't that quite normal? How can you make him angry? What is this scenario?

"It's okay, what do you think of these people?" Ya Molian didn't say anything, just asked her to look at the women.

"I bought them all for menial work. As long as they are obedient and honest, I don't have any other requirements. You can take your pick, Ban Jue. I want thirty." Lin Caisang said to Ban Jue.

Banishment: "..."

Now Miss Lin can be regarded as the master of his family. She can give orders to him smoothly without hesitation at all.

"yes."

Ban Jue responded and winked at Mrs. Ya.

Yabozi understood immediately. There were many thugs around, so the woman couldn't cause any trouble, so she opened the doors of both rooms and let him go in and pick.

After a while, thirty beautiful-looking women came out and stood still in front of Lin Caisang.

"Why don't you pay your respects to your master?" Yabozi shouted at the thirty people.

After listening to Mrs. Ya's words, the women responded respectfully, and then they all knelt down towards Lin Caisang and greeted her.

Lin Caisang took a step back and twitched the corners of her mouth secretly. As a modern person, she was really not used to this habit of kneeling down to others at every turn, but at the same time she also knew that she should get used to it.

Otherwise, if the proper rules are gone, these people will become bolder and try to climb on top of her.

"You are really lucky to have such a good master. When you arrive at the new master's house, you must serve him well and don't embarrass our Yaxing. Do you understand?"

They heard Mrs. Ya giving them instructions again.

"Understood." The women responded in unison.

"Who are you responding to? Your master is here!"

Yabozi raised one hand to Lin Caisang and warned them sternly.

"Now kowtow to your master and tell your master that you will serve her well in the future, listen to her words, and will not do anything that betrays the master, tell her now!"
