

Star of Space 525

Chapter 525 That girl is just a fool...

"Aren't you going to follow?" Seeing what he said, the man asked again.

"Of course I have to follow!"

Old Shi said with certainty.

If you don't follow, you won't be able to explain it to the leader, but you still have to follow.

As for whether he can keep up, even if he loses track, the leader will not punish him excessively because of the lesson he learned last time.

"You go and inform the chief and someone shows up."

Punishment was still too much, so he thought of another good idea, asking the leader to follow him to see if he could keep up with this mysterious little girl.

"Okay, I'll go right away."

When the other person heard what he said, he was also afraid of taking responsibility, so he left immediately.

...

"What? Did someone go to the eldest princess's mansion? You saw that she entered the eldest princess's mansion at this time. Is it her? Is it really her?"

In General Zhi's mansion, the people who were sent to keep an eye on him met Jin Lele, Mrs. Zhi's wife, as soon as they entered the mansion. When she heard that Lin Caisang had appeared and entered the eldest princess's mansion, she almost jumped with excitement.

"Go back to me, little madam. I really see that she is the doctor's girl." The servant said.

"It's really her!"

Jin Lele let go of the collar of the servant she was carrying and gave a high-five with both hands.

"Hurry up and call some palace guards. Follow me and wait outside the eldest princess's mansion to see if I can catch her this time! If you dare to kick my sister, let's see how she can run away this time!"

"What?"

When the servant heard her words, his eyes widened in fear.

"My dear madam, this can't be done. The general has given me countless instructions, so he can only give nice words to the young lady in the hospital, but he can no longer force the young lady in the hospital to do this or that like he did before. Besides, there is the eldest princess there. House!"

"What are you afraid of? I'm doing it for my sister's good!"

Jin Lele snorted twice and looked at the servant.

What happened to the eldest princess's house? Didn't the eldest princess send her general back? Her general worked hard for the court. Now something happened to her family. She wanted to ask the eldest princess for help, but she refused.

"Little madam!"

"Okay, okay."

Seeing that he wanted to persuade him, Jin Lele immediately waved his hand.

"I didn't let you rush into the eldest princess's mansion to arrest people. You just waited outside the eldest princess's mansion. When they came out, arrest them immediately. What's wrong? I arrested people on the street and got involved with the eldest princess. Is it related?"

"My dear madam, even arresting people on the street is wrong!"

The servant couldn't help but say something to Jin Lele, this little lady is really not what he likes to say, she is really a troublemaker. She doesn't stop every day. Why doesn't the general come out to take care of her?

"That doctor's girl still has a gold medal for immunity from death!" He reminded Jin Lele.

"laugh!"

Jin Lele couldn't help but sneer when he mentioned the death-free token.

"Isn't it just a gold medal for immunity from death? That little girl has no power or even a person in her hands. The gold medal for immunity from death is also a dead thing in her hands. What use can it be? If you ask me, the emperor is just a fool. ..."

"Jin Lele!"

Before Jin Lele could say the word 'foolish devil', she heard an angry roar from behind, which made her shrink her neck in fright.

"Jin Lele, this general has been so kind to you that I have made you forget the way of a monarch and his ministers?" Zhi Lingyang came over with Jin An'an, glared at Jin Lele angrily, and asked sternly.

"Originally, if he wasn't confused, how could he give the death-free medal to such a little girl!" Jin Lele shrugged his head, but still muttered unconvinced.
