Chapter 527 She knows how to treat people

...

In the eldest princess's house, knowing that Lin Caisang was coming, the eldest princess quickly put on her clothes and came to the front yard. When she saw her talking happily with her eldest nephew, she nodded happily.

"Miss Lin, why are you here at this time?"

She came forward, sat down, and asked Lin Caisang.

"Auntie, Miss Lin came here to settle matters at the general's family." The eldest prince answered for Lin Caisang.

When Zhi Ling Yang was mentioned, the eldest princess was stunned for a moment, then smiled and shook her head.

"The eldest lady of General Zhi's family is indeed a good one, but the little lady... has a really unstable temperament. Zhi Lingyang did seek help from me before, but whether it is cured or not, after all, it's Miss Lin's business, and I can't make the decision for you.

She looked at Lin Caisang and said.

Moreover, the words of Mrs. Zhi, Jin Lele, were indeed inappropriate. Although she did not really hear them, Aunt Bai would not spread her words casually.

She could have Aunt Bai remind her in her ear that Mrs. Zhi's words were indeed difficult to hear.

"At that time, many people came to Zeng's house to beg me for treatment. I also heard old man Zeng talk about what happened at the residence of General Zhi, saying that Mrs. Zhi was injured because she

went to fight to kill the enemy. Then I felt soft-hearted. , thinking that a heroine is even more respectable. If I can cure her, I will cure her.

Lin Caisang spoke, but at the end she shook her head and sighed.

"How could I have known that Mrs. Zhi's mouth was really...pressing me every step of the way, as if I were treating someone just by planting a cabbage in the vegetable field, whenever I wanted.

Even if I really grow vegetables, I can only plant them when the season is right. I was not prepared at all at that time, and I didn't have anything I needed. And I didn't trust others to prepare those things, so I just wanted to wait until next time. During your follow-up visit, treat her by the way.

It's a pity that Mrs. Zhi is so ignorant! "

"yes."

The eldest princess could also understand Lin Caisang's mood, and the two of them talked about the affairs of Zhi Lingyang's family there.

The eldest prince was sitting on the edge, watching the two of them talking to each other. They were all talking about the affairs of the young lady. His face was filled with helplessness. He had never heard this from his aunt. Whose bad words.

There is really no one like this little lady.

But Mrs. Zhi, although she can make people gnash their teeth with anger, is someone who has never done any bad things.

"Auntie, since Miss Lin is here today, why don't we ask her to take your pulse too?" he suggested.

"I think it won't be long before someone from Zhifu comes to invite Miss Lin. When the time comes... Miss Lin, you don't need to come forward first, just let me do the talking."

According to what Lin Caisang said to him just now, she will treat people, and the time is set for tomorrow. But if that young lady Zhi comes out to cause trouble again, and something goes wrong during the treatment, all the consequences will be borne by her. The people in Zhifu are responsible for themselves.

He would naturally make this clear to Zhi Lingyang.

"Okay, in this case, I'll trouble the great prince." Lin Caisang nodded towards him.

...

As expected, the Zhi family's carriage quickly arrived at the gate of the eldest princess's mansion.

After Zhi Lingyang and Jin Anan got off the carriage, they waited outside the door and watched as the guard guarding the door came in to report. He came out half an hour later and welcomed them in.
