Chapter 528 Happy and relaxed

After following the guards into the eldest princess's mansion, Zhi Lingyang sighed slightly in his heart.

As expected, it was Jin Lele who offended everyone who deserved to be offended. If not, how could the eldest princess not know that in fact, he had been sending people to keep an eye on this place, just waiting for Lin Caisang to show up.

Now that the notification alone has taken so long, the eldest princess should have specifically told him to give him a warning, right?

This is to tell them that Lin Caisang is the one protected by her eldest princess's palace, and they can't help but do whatever they want. If they don't respect Lin Caisang as a distinguished guest, then leave.

After all, he is also a general, and he can let the eldest princess warn him like this for Lin Caisang. It seems that Lin Caisang's weight in the eldest princess's heart is not unimportant.

He was too reckless before, and actually thought it was okay to let Jin Lele force her, using it as the coercion of his general's mansion.

"call."

Zhi Lingyang sighed lightly.

On the side, Jin Anan felt that something was wrong with her husband's aura. She looked sideways at him and asked him with her eyes: What's going on?

At least they can finally meet people this time, right?

As long as we can see Lin Caisang's true nature, everything else is easy to talk about. It's much better than worrying at home every day in the past few days.

Zhi Lingyang shook his head and motioned for her to go forward and ignore him.

After a while, the two of them were taken to a side hall in the front yard, and what was waiting for them inside was not Lin Caisang they wanted to see, but the great prince. 【6】 【9】 【s】 【h】 【u】 【x】

"I have met the great prince."

Zhi Lingyang was stunned for a moment. After coming to his senses, he immediately took Jin Anan to salute the great prince.

"General Zhi is not polite. This is not above the court. General Zhi does not need to be so polite with me." The prince did not stand up, but said lightly to Zhi Lingyang who was kneeling in front of him.

Zhi Lingyang, who was kneeling, secretly twitched the corner of his mouth and thought to himself: First you said no courtesy, and then you said you don't have to be so polite. Do you want me to be polite, or not?

He thought, it should be the former, right?

"Your Majesty, the courtesy must not be discarded." He helped Jin Anan stand up.

"General Zhi and Mrs. Zhi, please take a seat."

The eldest prince did not answer his words and motioned for him to sit opposite him.

"Thank you, Your Majesty."

Zhi Lingyang thanked him and sat down with Jin Anan.

"My lord, have you been at the eldest princess's residence these days?"

Even if Lin Caisang didn't want to see him, he shouldn't have arranged for the eldest prince to come. He could just find someone from the eldest princess's house and send them away. He was a little confused about what Lin Caisang meant.

"Well, recently, my father has left all matters in the court to the second emperor's younger brother, so I am very happy and relaxed." The eldest prince replied.

In fact, it was because he took all the rewards given to Lin Caisang last time. His father was so angry that he almost chased him around the entire imperial city with a knife raised to kill him.

He came to take refuge in the eldest princess's mansion, and by the way, he sent all the things he was doing to his second brother who also made mistakes and was not redeemed.

"General Zhi is here this time to ask the eldest princess to intercede with Miss Lin on your behalf?" he asked Zhi Lingyang.

"Miss Lin?"

Zhi Lingyang was stunned for a moment, but then he suddenly understood that the Miss Lin mentioned by the prince was the lady who had been to his residence before.

"Yes, I still want to see the eldest princess. I hope he can plead for me in front of Miss Lin on behalf of me and my wife. I and my wife also knew that they were wrong about what happened last time, and they will definitely not act in such a hurry in the future. "
