

Star of Space 538

Chapter 538 Want to sell the shop?

Lin Caisang put down the bamboo basket on his back and said to Old Man Zeng.

"Are we watching the cashier?"

Old man Zeng was stunned by her words. He had never heard of such a thing, but he nodded.

"Don't worry, Miss Lin, Yulang and I will definitely take care of this matter."

"By the way, where's Brother Yulang, why didn't you see him?" Lin Caisang asked when mentioning Zeng Yulang.

In the past, Zeng Yulang would always come out to see her when she came, but now he didn't come out. It seemed that he was not at home.

"Hey, Yulang..."

Speaking of his son, Old Man Zeng sighed greatly. Wingdings:

"It's not like the injury on Yulang's face two days ago was almost healed. He was thinking of going back to the academy, but he didn't know that the academy had expelled him!"

He felt that Lin Caisang was no outsider, so he told her about his son.

"How could this happen?" Lin Caisang asked in surprise.

If she remembered correctly, Zeng Yulang was considered a well-known scholar in Jian'an City. How could he be removed from the list?

"Is this scholar's reputation something that can be eliminated by the Academy?"

"It's not the scholar's fame. The fame is there, but he won't be able to go to the academy in the future. He has to read by himself at home. Old man Zeng was angry. If no one caused trouble, how could his son not be able to enter the academy gate? Woolen cloth?"

"Miss Lin, you may also know that Yulang had a marriage before. I guess it was the girl from that family who caused the trouble. It's not like I have never harmed my Yulang before. Hey, what an evildoer. Such a person is on the stall. If I had known this earlier...how could I have known it earlier?"

"If you don't want to go to the academy, you won't go to the academy. It's not a big deal." Lin Caisang didn't think much about it.

"My cousin is also a scholar. He is also studying at home this year. He is preparing for autumn. It is better to read at home. He has less thoughts of comparing with each other and can calm down."

"That's what I said, but... forget it, who caused my family to provoke this relative? Even if he retreats, he will be left smelly!" Old man Zeng wanted to say, but he was just angry.

But what can you do if you don't get angry? People still have to live their lives, right?

"When Brother Yulang passes the exam and gets the top three, those people won't dare to look down on you." Lin Caisang said.

"hehe."

Old man Zeng smiled and shook his head.

His own son didn't know it yet. Passing the top three exams was something he had no chance of doing, but he could still take the exam, so he had to be fully prepared.

"That's right, no, I'm in the process of selling the shop in my hands, otherwise Yulang won't even be able to pass the examination."

It didn't really matter at first. As long as his son's reputation was good, he could do some business at home. But the key point was that his son had an ex-fiancée who was used to doing bad things. He felt that one more thing would be worse than one less thing, so he handed over the shop to others, and then returned to the store. Go to the countryside and buy some fields, and then live on renting the fields.

The father and son can still get by by saving some money.

"You want to sell your shop?"

Hearing her words, Lin Caisang's eyes lit up.

"Uncle Zeng, what kind of shop are you running? If it's suitable, I'd like to buy it. I'm thinking of opening a few shops in Jian'an City, but I can't find a comfortable shop."

"In a grocery store, I sell whatever I can make money. In fact, I can't make much money in a day, but the store is only worth how much money the deed of the house is."

Old Man Zeng said.
