Chapter 544 Just in time to be a witness

Grandma Yan was even more embarrassed and guilty after what he said.

"When did Jinhua hurt you? Didn't she just dislike you once? Why can't you learn to be more generous, kid?"

After listening to her words, Zeng Yulang could only chuckle.

"Am I not generous enough? Mrs. Yan!"

Now he doesn't even call her Grandma Yan. The people in the Yan family are simply vicious dogs. They will pounce on anyone they see and bite them.

"Does she, Yan Jinhua, not know how my face was ruined in the first place? And how did I fall into the moat so far away while I was sleeping in my room? Could it be that I can fly? This How could the academy exclude me? No one in your Yan family knows what happened?"

"this....."

Faced with Zeng Yulang's questioning, Grandma Yan took a step back.

They all knew these things, but when they did these things, the Zeng family and his son had not yet followed Lin Caisang. How could they have expected that Zeng Yulang, a poor scholar, could turn around?

It was precisely because they all knew that they thought about remarrying Yan Jinhua to Zeng Yulang. Anyway, whether Zeng Yulang wanted to beat or scold him, Yan Jinhua would have to suffer by himself, and he must not bring trouble to the Yan family.

They had all thought that even if Yan Jinhua risked her life on the Zeng family, they would not say a word.

As long as Zeng Yulang can get out of his words and don't let Lin Caisang deal with their Yan family, everything else can be said.

"You family, get out of here and don't appear in front of me again!" Zeng Yulang shouted at Grandma Yan while standing outside the courtyard.

"Yulang, are you really not thinking about it anymore? My Jinhua is also a good girl. If I marry you in the future, I will definitely honor my father-in-law and take care of the house properly."

Even though Grandma Yan was willing to leave, she continued to persuade Zeng Yulang.

"Besides, that Miss Lin is a doctor with a benevolence in saving people. If she knew that you were so ruthless to Jin Hua, how could she let you follow her and do things for her? You don't want her to know that you are a narrow-minded person, right?"

If she couldn't persuade Zeng Yulang, she could only blame Lin Caisang. No matter what, she must marry Jinhua to Zeng Yulang.

Hearing her words, the people outside the yard couldn't help but gasp, thinking that this old witch was really vicious. She was clearly begging Zeng Yulang to marry her granddaughter, and she made it seem like Zeng Yulang had taken advantage of her. Similar.

There is no one left.

"Haha, I really didn't know. It turns out that my name is so useful. Anyone who comes out of nowhere can use my name to talk about things."

Lin Caisang originally wanted to listen outside for a while, but she really didn't expect that the grandmother of the Yan family would be such a person, and he would directly pull her out and force Zeng Yulang to submit.

Grandma Yan was stunned for a moment when she heard the sound. After she came to her senses, she quickly turned around and looked in the direction of the courtyard door.

At this time, Lin Caisang had already put on the mask that Ya Molian had given her before. Her whole person looked more mysterious and oppressive, which made Grandma Yan take a step back involuntarily.

"Is this...is this Miss Lin?"

After a long while, Grandma Yan took a deep breath, put a smile on her face, and walked towards Lin Caisang.

"You're here just in time. I'm discussing the marriage between our two families with Old Man Zeng. You're here just in time to be a witness. These two children..."
