

Star of Space 546

Chapter 546 It's time for bad luck!

But before, hadn't she had someone steal the divorce document from the Zeng family's house? She had also seen that document, and it was definitely fake!

"It's impossible. I've already destroyed that document, and..." Burned it!

Could it be...

Her sharp eyes glanced at Zeng Yulang.

"I wrote that one myself!" Zeng Yulang did not disappoint her and said directly to her.

"you--"

At this time, Grandma Yan was really angry to death.

How could she have imagined that Zeng Yulang, who had always been considered weak and bullyable by them, would actually do such a thing.

Moreover, the Yan family took the initiative to cancel the marriage. She would never have thought that Zeng Yulang would guard against them and write another divorce document. What did he want to do? .

"Yulang, Yulang, you really disappoint me, so disappointing!" She said bitterly to Zeng Yulang.

The next moment, Old Man Zeng directly pushed his son behind him to protect him.

"Old Madam Yan, it's not your Yan family's turn to disappoint my son yet. Please don't come to my house again in the future. The threshold of my house is too small. If you don't step on it like this, it will break."

"You... you..."

Grandma Yan was so angry that she almost spit out a mouthful of blood.

"Okay, this is what you said, don't regret it in the future!" She flicked her sleeves and cursed at Old Man Zeng.

"The thing I regret most is that I listened to my mother's words and decided to marry your Yan family. Fortunately, God has foresight and the marriage was gone. Otherwise, my Zeng family would have been in bad luck. !"

Old Man Zeng retorted not to be outdone.

What does his family have to regret? Could it be that without the Yan family, his son would not be able to find a wife?

hehe.

I'm afraid Yan Jinhua will never be able to marry except his son!

"Mrs. Yan, you'd better take your precious granddaughter back. Didn't you see that there are more and more people gathering outside? They are not here to see my family's jokes."

Zeng Yulang reminded Grandma Yan.

"you....."

Grandma Yan's words were stuck in her throat, and she turned to look at the people at the entrance of the courtyard.

"Drive them all away, drive them all away."

"Let's see who dares!"

Just when the servants of the Yan family were about to drive people away, they heard Lin Caisang yelling sharply.

"Mrs. Yan is so capable. In other people's homes, she dares to drive away other people's neighbors just because she has a few people around her. What's the matter, Mrs. Yan, should you let those people drive me away too? Um?"

She sneered, has this old witch forgotten whose home this is?

Then I will let her sober up today. Don't think that no one in Jian'an City can control their family.

"You... Miss Lin, are you really going to make this decision for the two Zeng family father and son?" Grandma Yan looked at Lin Caisang, her brows already knotted into a knot.

She had seen it early on. The Zeng family and his son now relied on Lin Caisang. Without this person, the Zeng family and his son were nothing, not even a little finger of their Yan family.

But now, it is Lin Caisang who is causing trouble and is having trouble with their Yan family.

"Uncle Zeng and Brother Yulang help me with things, can't I even be the master for them?" Lin Caisang asked Grandma Yan.

"When it comes to doing things, our Yan family's abilities are worse than those of the two father and son of the Zeng family..."

"Don't!"

Grandma Yan rolled her eyes and was about to persuade Lin Caisang to come to her home, but she was interrupted rudely by Lin Caisang.
