

Star of Space 55

Chapter 55 Are you too willing to spend too much?

"Baiyi, I think these people are almost gone. How about we go back?" Lin Yang suggested, looking at the sparse people on the street.

Those who should buy things have already done so, and the people on the street now are just looking around. No one will sincerely buy anything, so it is better to collect the things and go home.

"That's fine."

...

"Sister Sangsang, you are back. Did you buy me pearl flowers?"

When they got home, it was almost afternoon, but Lin Lu was still waiting for them before eating. When Lin Caiqing saw them coming back, she immediately rushed up, staring at Lin Caisang with bright eyes, and asked.

"Well.

Lin Caisang choked at her question and immediately blushed.

She sold the medicinal materials she brought, and after all calculations, it was only enough money to pay the gold and blacksmith. Although she still had it on hand, she had to pay the gold and blacksmith tomorrow, so Zhuhua really didn't buy it.

"Um...Qing'er, Sister Sang Sang spent all her money today. Next time I sell the medicinal materials and buy you pearl flowers, okay?"

She asked Lin Caiqing in a consultative tone.

"That's it..."

The little girl pursed her lips, seemingly disappointed.

But before she could say anything, a familiar voice came from behind her.

"Tsk, Sister Sang Sang, Qing'er has been waiting for you for a long time, but you didn't buy her the pearl flowers? The medicinal materials must have cost a lot of money, and the money you and Brother Changhong have earned these days is also gone. I gave it to grandma and you spent it all, so you're too generous to spend it, right?"

Lin Caihe looked at Lin Caisang sideways and said in a strange tone.

In the past few days, she drank porridge every day until she almost vomited. Lin Changhong obviously went to town to sell game animals every day.

"Did Brother Changhong secretly buy you a hosta? Brother Changhong promised to buy it for you a few days ago. Can you show it to all of us?"

Lin Caisang: "..."

Didn't this girl see that everyone in the family except Grandpa was in the yard? Or do you want to deliberately cause trouble to Grandma in front of her? Want to tell grandma that she is just a person who only spends money and doesn't work?

However, based on past experience, even if she spent all the money at home, grandma would not be willing to say a word to her, right?

"shut up!"

After hearing what his daughter said, Lin Baiyi turned pale with anger. He yelled at Lin Caihe and turned to look at Lin Lu behind her.

"Mom, don't listen to He'er's nonsense. I know that Sangsang and Changhong spent the money, and we can get the things tomorrow."

"I know."

Lin Lu nodded her head and said nothing else.

The children were filial and wanted to make a movable chair for the old man. Lin Changhong had already mentioned this to her, and she agreed. It would be the best thing to allow the old man to come out for some air from time to time.

"I know that Sang Sang and Chang Hong are the most filial. Qing girl, next time you sell medicinal materials, ask Sang Sang to buy you pearl flowers."

"Okay, I'll listen to Grandma." Lin Caiqing responded.

"Sister Sangsang, actually, if the second sister didn't say anything, I would also like to say that I am not in a hurry to buy the pearl flowers. I am still young, and the pearl flowers will definitely be snatched away by others."

As she spoke, she secretly glanced at Lin Caihe, whose face was red with anger.

"Lin Caiqing, you..."

"So good."

Lin Caisang pinched the little girl's cheek.

"You're all hungry. Let's go eat first. Grandma will bring out the dishes. Third brother, bring your father out and we can eat together." Mrs. Lin Lu glanced at Lin Caihe and turned around to go to the kitchen.
