

Star of Space 550

Chapter 550 There is no such thing as a free lunch

She just asked Yu Jing to put Jian'an City at the front of the queue when accepting the task, and she didn't ask him to do anything harmful to nature. Is it necessary to refuse so quickly?

"Please tell me clearly, is it because you can't, or because you can't get the task?" she asked again.

‘Dear Master, the mission was not received by Yujing, but by the Jinzhu Order. Yujing can only remind you after receiving the mission, which mission is for Jian’an City. If you want to accept fixed tasks, you can only do more tasks, several tasks a day. The more tasks you do, the greater the chance of receiving tasks from Jian'an City. ’

The jade mirror shows densely packed fonts.

Lin Caisang: "..."

She is a machine for completing tasks, and she still does several tasks a day. It takes her so long to do one task.

"I have been doing tasks these days and have learned a lot. Low-level tasks are all near Qianlin County, mid-level tasks are within Ye County, and high-level tasks are within Liang State, right?"

‘That’s pretty much it. ’ Yu Jing replied to her.

"That's it, you still want me to do a few tasks a day. How many high-level tasks can I do in a day?" Lin Caisang said to Yu Jing angrily.

Moreover, when she did a high-level mission last time, she also went to other countries, not just the Liang Kingdom, so the chance of receiving the Jian'an City mission is really not very high.

‘You can also choose to take on specific tasks. Jade Mirror said.

"Special mission, what is that?" Lin Caisang narrowed her eyes and asked.

The mission of the eldest princess is a special mission, why is there a specific mission? Will there be a special mission next time?

"Brother Yu Jing, can you introduce me to a specific task?" She asked Yu Jing with a smile.

'Specific tasks: As the name suggests, they are tasks specific to a certain area. For example, you can specify high-level or intermediate tasks within Jian'an City, or include several counties outside Jian'an City. This will be a specific task.'

Jade Mirror explained.

"Then what?" Lin Caisang asked.

The past few months of dealing with Yu Jing have made her understand one truth, that is: there is no such thing as a free lunch.

How could such a big good thing happen to her out of thin air? There must be something else, and this story must be very deceiving, because she noticed that Yu Jing didn't mention low-level tasks.

'The points earned after completing specific tasks will automatically be reduced by one level.' Yu Jing said.

Lin Caisang: "!!!"

She knew that nothing good would happen to her. Look, the secret was revealed, right? So, if she takes on a specific mid-level mission, she can only get points for low-level missions, right?

But what the hell, the difference in points between the two was several times greater. It made her feel sick just thinking about it.

"Does that mean you can accept specific tasks at any time as long as I tell you to do so? If you want to cancel, you don't have to accept them and then accept normal tasks?" she asked.

If that's the case, then she can still consider it.

'Yes.'

Two words were displayed in the jade mirror.

"That's good."

Lin Caisang let out a sigh of relief. At least whenever she wanted to come to Jian'an City, she could just take on a mission. Although this thing was indeed quite deceiving, if she rode to Jian'an City, she would spend her time on the road. It's not worth the time just thinking about it.

Thinking about it this way, I don't think it's a lie anymore.
